Subject: Re: Decision VII/8S - UK Action Plan

Dear Aarhus Secretariat,

We write further to the helpful session held during the 74th Meeting of the Compliance Committee on 17 March 2022 to discuss progress on the Action Plans in accordance with Decisions taken at MOP-7.

Further to that session, we have written to Mr Adam Lavis, UK Aarhus Focal Point, to set out the issues regarding prohibitive expense we would wish to see addressed in the UK Action Plan. We hope that Mr Lavis and colleagues (copied in) will find this submission useful in discussions with colleagues in other Departments and the Devolved Administrations of the UK. We attach a copy for the Committee's information.

With kind regards,

Carol Day (on behalf of those copied)
