

Forum for International Cooperation on Air Pollution

FICAP or 'The Forum'

John Salter

- John.Salter@Defra.gov.uk

Petra Hagström

- Petra.Hagstrom@swedishepa.se

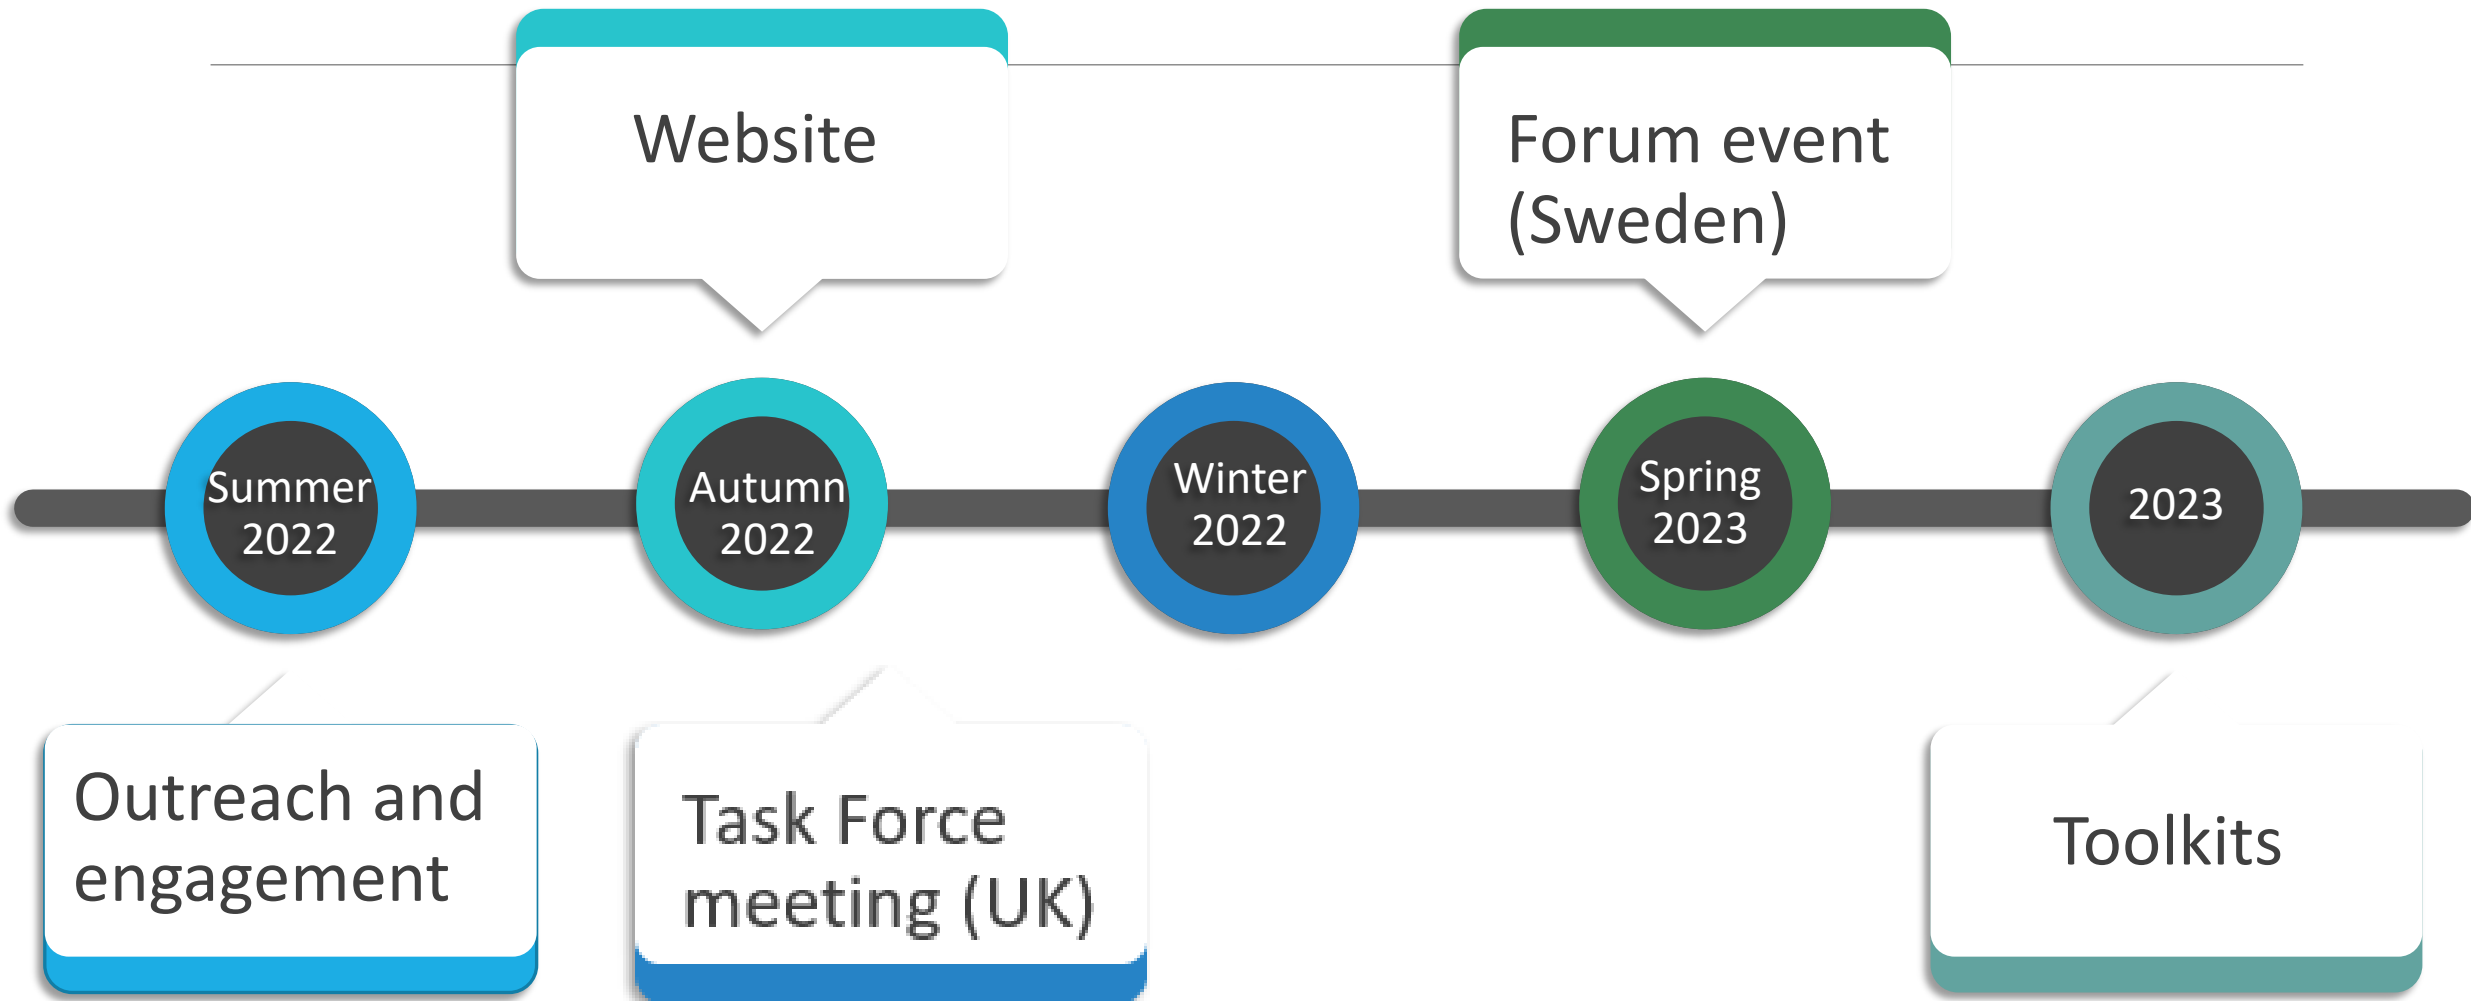

Anna Engleryd

- Anna.Engleryd@swedishepa.se

Background - Vision and Aims

- **Vision:** To promote international collaboration towards preventing and reducing air pollution to improve air quality globally
- **Aim:** To act as a forum for international exchange and mutual learning, to facilitate the sharing of science, technical and policy expertise internationally

2022 – 2023 Workplan ambition

Current activity

- Presenting at ICPs and Task Force meetings, such as:
 - ICP veg, TFIAM (others upcoming)
- Planning first Taskforce meeting between 10 – 12 October, Bristol, UK
 - We are planning for the first meeting of the supporting Task Force to take place in the UK in October for the following Forum event in 2023.
 - We would be keen to discuss topics and interests that Parties might wish to discuss
- Outreach and collaboration with other organisations and forums:
 - Currently engaged with amongst others: CCAC, WHO, WMO, UNEP,
 - Other suggestions welcome on who to engage with
- Translation
 - Convention documents identified as having global interest
 - Happy to receive suggestions on relevant guidance, and useful languages for translation

Forum meeting 2023

- Linked to the March 2023 Saltsjöbaden Workshop – Sweden
- Aim to have an in-person event open for cooperation and collaboration
