Item 4 of the provisional agenda

Work of the RID/ADR/ADN Joint Meeting**Text adopted by the Joint Meeting : amendment concerning the reference to EN 14025 :[2022]****Transmitted by the Government of France****Introduction**

1. In informal document INF.5 reproducing the amendments adopted by the Joint Meeting at its March 2022 session, it is proposed to refer to EN 14025:[2022] in the table in 6.8.2.6.1 with the reference to 6.8.2.1 in column (3).
2. Previous versions of this standard since 2008 refer to “6.8.2.1 and 6.8.3.1” in column (3) considering this standard is also applicable to the design and construction of certain gas tanks.
3. The Working group on standards forgot to refer to 6.8.3.1 in its report to the Joint Meeting. There was no reason to delete this reference. Therefore we propose to correct it.

Proposal

4. In 6.8.2.6.1, modify the insertion of the new row on EN 14025:[2022] to read in column (3): “6.8.2.1 and 6.8.3.1”.
