30E4c		“shared” cycle road (provisional name)	Proposal 4 2022-04-11	<p>As requested at the session of 4 April 2022. Since a differentiation to the sign for “cycle road where no other traffic is allowed” must be established, the following name/description is provisional, to be discussed:</p> <p>“Signs notifying an entry to or exit from a road on which traffic rules apply that allow cyclists to take precedence over motorised traffic” - Shared cycle road (30E4c) as opposed to:</p> <p>“Signs notifying an entry to or exit from a road on which only cyclists are allowed” – cycle road (30E5a)</p>

30G4b		“shared” cycle zone (provisional name)	Proposal 4 2022-04-11	<p>The group is requested to ponder whether the white zonal panel should be vertical (see 30G4a) or horizontal (30G4b), since this might most likely influence other signs possible to be included into the Convention: “other cycle road” (provisional name) and -zone, pedestrian road and –zone, “share road” (provisional name) and –zone, see figure 1, below. Depictions of signs in figure 1 are provisional.</p> <p>In addition, Figure 1 is supposed to provide an overview of signs which the Expert Group may deem appropriate to have common characteristics with regard to their visual appearance.</p>
