By its terms of reference, the United Nations Economic Commission for Europe (ECE) Steering Committee for Education for Sustainable Development is charged with monitoring progress in the implementation of the UNECE Strategy for Education for Sustainable Development (CEP/AC.13/2005/4/Rev.1, annex I, para. 4 (b)). The mandate of the Steering Committee as the principal decision-making body for the activities on the Strategy in the ECE region, responsible for giving guidance and strategic directions to the implementation of the Strategy and monitoring progress in its implementation, was extended until 2030 by ministers and heads of delegation at the High-level Meeting of Education and Environment Ministries held on 8 June 2016 in Batumi, Georgia, in the framework of the Eighth Environment for Europe Ministerial Conference (ECE/BATUMI.CONF/2016/2/Add.2, para 10).

In line with its renewed mandate, and according to the established practice, in addition to the mandatory national progress reporting carried out at the end of each implementation phase, countries are asked to submit informal reports to the Steering Committee on the progress achieved and the challenges encountered in implementing the Strategy. The secretariat will subsequently review all the reports submitted and prepare a presentation,
which will identify the major themes and interesting developments with regard to the implementation of education for sustainable development in the ECE region.

To facilitate this process, the secretariat, together with the Chair of the Committee and in coordination with the Bureau, has prepared the present document — a brief questionnaire on progress made and challenges encountered in the implementation of the Strategy since the last mandatory reporting exercise undertaken in 2018 and the informal reporting exercise undertaken in 2021. Countries are kindly requested to fill in the questionnaire and submit it to the secretariat before 13 May 2022.
1. National reporting on the progress achieved in the implementation of the United Nations Economic Commission for Europe (ECE) Strategy for Education for Sustainable Development offers a valuable opportunity for countries to learn from each other and to share newly produced resources and materials within and beyond the ECE region.

2. In preparation for the seventeenth meeting of the ECE Steering Committee on Education for Sustainable Development, countries are requested to fill in the questionnaire below, informing on progress made and challenges encountered in working on priority action areas after the fourth mandatory reporting cycle carried out in 2018 and since the sixteenth Steering Committee meeting (Geneva, 10 and 11 May 2021).

3. In the below questionnaire, particular attention is paid to the main priority strands of the Strategy’s new implementation framework (2021–2030) (ECE/CEP/AC.13/2022/3), focused on:
   
   (a) quality education and ESD;
   (b) whole institution approach and ESD;
   (c) digital education, information and communications technology and ESD;
   (d) entrepreneurship, employability, innovation and ESD; and youth and ESD.

4. Countries are kindly requested to submit this information in writing to the secretariat via e-mail (nona.iliukhina@un.org and esd@unece.org) by 13 May 2022.

5. The secretariat will review the information submitted and deliver a brief synthesis presentation at the Steering Committee’s seventeenth meeting. The presentation will be followed by an interactive discussion.

6. Countries will be invited to complement the secretariat’s presentation with interventions on outstanding activities and initiatives implemented since the sixteenth Steering Committee meeting (Geneva, 10 and 11 May 2021), in particular regarding how the implementation of national strategies for ESD contributes to the new developments and challenges for ESD in the region. Given the limited time available, countries will only have up to three minutes each for interventions from the floor.
Questionnaire for 2022 informal country\(^1\) reporting on the implementation of the priority action areas of the newly drafted framework for the future implementation of the UNECE Strategy for Education for Sustainable Development from 2021 to 2030\(^2\)

Advances made and challenges encountered since the sixteenth Steering Committee meeting in May 2021

I. Priority action area (a)

**Encouraging countries to embed ESD into quality standards, frameworks and resources associated with formal quality assessments and institutional reviews**

1. Are there currently any national or subnational quality assessment/enhancement systems that address ESD in your country?  
   - Yes X  No □
   - Please specify: MOS https://www.mosvlaanderen.be/ is a kind of quality enhancement system. Target group: schools for children from 3 to 18 years
   - Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

2. Do quality frameworks exist in your country, for integrating ESD/SDGs in teachers’ professional development?  
   - Yes □  No X □
   - Please specify Not really, but we are working on it: online learning module ‘Teaching for and about sustainability’, EDO-Rubric: to screen the teaching learning situation.
   - Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

II. Priority action area (b)

**Promoting the whole institution approach (WIA) (or whole school approach (WSA)) in every institution of formal, non-formal and informal education**

1. Has there been any significant advancement made in your country in the field of governance, curriculum, leadership, teachers’ professional development, teaching methods, collaborations, facilities and infrastructure for promoting application of WSA/WIA to ESD in formal education?  
   - Yes X □  No □
   - Please specify Less on policy level, but in practice: MOS (3 – 18 year) and Ecocampus (+18): https://omgeving.vlaanderen.be/hoger-onderwijs promotes WSA/WSI

---

\(^1\) Countries with a federal structure are free to provide several inputs or questionnaires from different states or entities, if appropriate.

Promoting the whole institution approach (WIA) (or whole school approach (WSA)) in every institution of formal, non-formal and informal education

2. Does your country face challenges and has particular needs in its implementation of WSA/WIA in formal and non-formal education?

Yes X No 

- Please specify Teachers needs more time. The organization of WSA needs in the beginning more time to organize the WSA. For non-formal education we have no idee.
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

3. Have there been any monitoring processes (for instance, self-assessments) in your country that support formal and non-formal institutions and organizations when assessing their progress regarding application of WSA/WIA to ESD?

Yes No X

- Please specify Not that I know.
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

III. Priority action area (c)
Supporting ESD within ICT and digital education

1. Did COVID-19 significantly change ICT and digital education used for teaching and learning on ESD in your country?

Yes X No 

- Please specify how The switch has been made but too slow to online events, webinar...
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

2. Are there any programs in your country that support educational actors (teachers, mentors, inspectors etc) to integrate ICT and digital education in ESD?

Yes No X

- Please specify in general yes, but not specifically to ESD
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

3. Is there any assistance on the national level for embedding ICT and digital education on ESD/SDGs?

Yes X No 

- Please specify Schools received more money for IT equipment. MOS made a tool SDG@school: https://www.sdgsatschool.be/en
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic
IV. Priority action area (d)  

Enhancing entrepreneurship and employment within ESD

1. Are there changes in curricula focused on developing (new) skills, aimed at increasing levels of entrepreneurship and the greening of economies (e.g. in TVET and higher education programs)?

Yes □ No □  
- Please specify We have no idea whether something in the curricula has changed on that topic. More is being invested in entrepreneurship, but separate from ESD
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

2. Are there any mechanisms on the national level that strengthen students/youth entrepreneurship competences related to ESD?

Yes □ No □ X  
- Please specify Not on national/regional level. Exemplary, there are a few experimental initiatives like Green office (higher education)
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

3. Are there any incentives for ESD on the national level which prepare students/youth for sustainable entrepreneurship and green jobs?

Yes □ No □  
- Please specify there are a few initiatives for example: VLAJO https://www.vlajo.org/ and https://www.vlajo.org/internationaal/lid-van-ja-europe
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

V. COVID-19 and ESD

1. Has COVID-19 impacted the implementation of the UNECE Strategy for ESD in your country?

Yes X □ No □  
- Please specify how and what challenges occurred In the beginning of the covid, we didn’t know that this period would take so long, so everything has been postponed in time. We were not familiar with online education and events. We had to look at how to reach our target audience online…
- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic

2. Are there any lessons learnt in your country from COVID-19, which, in your opinion, would strengthen the role of ESD in the national context as a vehicle for empowering youth and citizens to be more resilient in future emergencies?

Yes X □ No □  
- Please specify There is now an increased use of digital learning. Problem is, not all teachers and educational
staff are on board with the technology and not every education is suitable for online sessions

- Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic
