It should be noted that the provisions of Article 20 (5) (a) of ADN allow for a quicker entry into force of amendments in cases where similar amendments have been adopted for other international agreements governing the carriage of dangerous goods. Any proposed corrections to the proposed amendments in ECE/ADN/61 would have to be communicated to Contracting Parties on 1 October 2022 (date of acceptance of the amendments) in accordance with the usual procedure so that they can become effective at the latest by 1 January 2023.
