

***SESSION 4:
Benefits & Challenges for Namibia in acceding to the
Water Convention***

UNECE

SESSION 4: Group work (45mins)

Q1.

What are the **benefits and concrete “value added”** for Namibia in acceding to the Water Convention?

- What topics and priorities does Namibia want to work on if/ when a Party to the Water Convention? How to draw on the Convention for current water-related activities and for further strengthening transboundary cooperation?

Q2.

What are the **challenges and potential barriers** in the accession process to overcome for Namibia to accede to the Water Convention, if any?

Pls have someone take notes for group reporting back in plenary
