Seventh session

Geneva, 18–20 October 2021

Excerpt from the addendum to the report of the seventh session of the Meeting of the Parties (ECE/MP.PP/2021/2/Add.1)*

Decision VII/2 Promoting effective public participation in decision-making

Adopted by the Meeting of the Parties to the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters at its seventh session

The Meeting of the Parties,

Recalling the provisions of articles 6, 7 and 8 of the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters (Aarhus Convention), and the provisions of article 6 bis of the amendment to the Convention on public participation in decisions on the deliberate release into the environment and placing on the market of genetically modified organisms,¹

Also recalling its decisions EMP.II/1,² V/2³ and VI/2⁴ on public participation in decision-making, VII/11 on the strategic plan for 2022–2030 and VII/5 on the work programme for 2022–2025,

Recognizing the critical role of effective public participation for successful implementation of the Sustainable Development Goals, in particular Goal 16 and its targets 16.6, 16.7 and 16.10,

Mindful that the national implementation reports, the findings of the Compliance Committee, relevant case law of the Parties and the work carried out under the auspices of the Task Force on Public Participation in Decision-making to date have, collectively, shown that challenges remain to the full implementation of the second pillar of the Convention across the region,

Recognizing the vital role played by the Task Force on Public Participation in Decision-making in bringing together experts from Governments, civil society and other stakeholders to exchange experiences regarding those challenges and to explore possible good practices to address them,

* Decisions were adopted by the Meeting of the Parties at the Joint High-level segment, held on 21 October 2021. For practical reasons, the adopted decisions are being issued in an addendum to the report of the seventh session of the Meeting of the Parties (ECE/MP.PP/2021/2/Add.1). Welcoming the important contribution to furthering implementation of the second pillar played by organizations engaged in capacity-building at the national and subregional levels,

Also welcoming the work of Aarhus Centres in several countries, as platforms to facilitate public participation by providing environmental information, raising public awareness, promoting participatory debate on environmental policies, programmes and projects and providing assistance to members of the public in exercising their rights,

Underlining the need to further the implementation of the second pillar of the Convention (articles 6, 7, 8 and, prospectively, 6 bis) so as to provide for more effective public participation in decision-making in environmental matters,

Having reviewed the reports of the Task Force on Public Participation in Decision-making and the outcomes of the thematic session of the Working Group of the Parties in the period since the sixth session of the Meeting of the Parties,⁵
