Dear Secretariat,

Thank you for transmitting the draft version of the document '*Findings and Recommendations of the Implementation Committee on compliance by Serbia with its obligations under the Protocol in respect of the Energy Sector Development Strategy of the Republic of Serbia for the Period up to 2025 with Projections up to 2030 and the Programme for the Implementation of the Strategy for the Period 2017–2023*', and offering an opportunity to provide comments on the text.

Hungary agrees with the draft, but considers it important to stress in the text as well that the misunderstanding between Hungary and Serbia was solely based on either the lack of information, or the ineffective and ambiguous communication within the procedure. Accordingly, please find attached our suggestions and comments to the draft text.

Best regards,

on behalf of
