**Economic Commission for Europe**

Inland Transport Committee

**Global Forum for Road Traffic Safety**

**Group of Experts on Road Signs and Signals**

**Informal session**

Geneva, 6 September 2022

Item 3 of the provisional agenda

**Non-Convention signs – “cycle crossings located at pedestrian crossings”**

**Submitted by the Chair and the secretariat**

Informal document No. 2/Rev.1 (23 June 2022) - prepared by the Chair and the secretariat - proposes the image and definition of the “cycle crossing” sign and of the sign that combines pedestrian and cycle crossings signs as per report of the sixth informal session, paragraph 5. The Group of Experts is invited to discuss the document.

## CYCLE CROSSING

E, XX (E-XX.0) notifies road users of the position of a cycle crossing. The ground of this sign shall be blue with a white or yellow triangle. The symbol shall be black or dark blue. This symbol shall display a cycle on a crossing marked by squares or parallelograms. The symbol on this sign may be reversed.

The cycle crossing signs shall be placed at cycle crossings when the competent authorities consider it advisable.

## PEDESTRIAN AND CYCLE CROSSING

E, XX (E-XX.0) notifies road users of the position of a pedestrian and cycle crossing. The ground of this sign shall be blue with a white or yellow triangle. The symbols shall be black or dark blue. The symbols shall display a pedestrian on a pedestrian crossing above a cycle on a crossing marked by squares or parallelograms. The symbols on this sign may be reversed.

The pedestrian and cycle crossing signs shall be placed at pedestrian and cycle crossings when the competent authorities consider it advisable.
