E360	Enhancing the implementation of the 2030 Agenda for Sustainable Development through strategic cooperation among the SPECA countries	The project intends to enhance the capacity of the SPECA countries to engage in subregional cooperation for the achievement of SDGs. This objective supports the SPECA countries in their capacity-building efforts towards the achievement of the 2030 Agenda for Sustainable Development	Russian Federation	Jun-20	Jun-22	21.05.2020	Afghanistan, Azerbaijan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan	Mario Apostolov
E362	Strengthening the capacity of CIS countries to promote innovation for sustainable development in the context of the digital economy and Industry 4.0	The objective of the project is to strengthen the capacity of CIS countries to assess and reform policies and institutions to enhance the potential of innovation for sustainable development in the context of the digital economy and Industry 4.0. In order to achieve 2030 Agenda for Sustainable Development, CIS countries have to continue to modernize their economies, to raise productivity and to diversify into activities and sectors with higher value-added, while containing the negative environmental impact of extractive industries, large-scale agriculture and traditional manufacturing, and ensuring social inclusion and decent work for all. Overcoming these challenges, realising the full potential of Industry 4.0, and channelling this potential into sustainable development, requires improving policy frameworks to overcome market and coordination failures and to provide the right incentives and opportunities for broad experimentation with different technologies and ideas – in other words, innovation.	Russian Federation	Jun-20	Apr-22	21.05.2020	Armenia, Kyrgyzstan, Moldova, Tajikistan, Turkmenistan, and Uzbekistan.	Ralph Heinrich
E317	Promoting innovation policy capacities in Eastern Europe and the Caucasus	The objective of the project is to improve the competencies of innovation policy makers in designing, running, reforming, and monitoring effective innovation policies and institutions that make measurable contributions towards long-term economic development and sustainable development.	Sweden	No 2018	May-22	21.09.2018	Belarus, Ukraine, Armenia, Azerbaijan, Georgia, and the Republic of Moldova.	Anders jönsson
E294	Strengthening capacity of CIS countries to advance their use of public-private partnerships (PPPs) to achieve the Sustainable Development Goals	The objective of the project is to strengthen national capacities of the CIS countries to develop and implement people-first PPP projects to achieve the SDGs. The project is designed to respond to the demands of the beneficiary countries for capacity-building and policy advisory services to facilitate and sustain the implementation of policy recommendations and PPP standards.	Russian Federation	Nov-17	October 2019	26-Sep-17	CIS member States	Tony Bonnici
