

# Conducting 2022 Population and Housing Census in the Kyrgyz Republic

Mr. Baktybek Kudaibergenov, Chair of the National Statistical Committee of the Kyrgyz Republic

Ms. Rimma Chynybaeva, Head of Statistical Censuses and Geographic Information Systems Department, National Statistical Committee of the Kyrgyz Republic

UNECE Workshop on Population and Housing Censuses Geneva, 19-20 September 2022

## 2022 Population and Housing Census in the Kyrgyz Republic

- Web-based interview using personal enumerators' mobile phones
- Pilot Population Census in 2019
- The Census was conducted in two stages:
  - ✓ 25 March 3 April 2022
  - ✓ In some areas of the republic 23 April 2 May
- About 28,000 enumerators deployed
- During the enumeration stage, a protocol to prevent the spread of coronavirus infection (COVID-19) and personal protective gear were used
- The duration of Census personnel training was reduced down to three days, and additionally training videos were developed

### Questionnaires of the 2022 Population and Housing Census of the Kyrgyz Republic
