

# WGSR Chair's report: Gothenburg Protocol Review focus

Till Spranger

Chair of Working Group on Strategies and Review

8<sup>th</sup> Joint WGE / EMEP SB meeting, 12-16 September 2022

# WGSR 60<sup>th</sup> meeting

- Geneva, 11-14 April 2022
- Hybrid
- Strong focus on Gothenburg Protocol Review (see next slide)
- Other items:
  - Information sharing by Parties
  - Financing
  - Updates on Condensables and Rules of Procedure review

# GP Review

- Conclusions and Suggestions: See GPG presentation by Dominique Pritula
- Parties' discussion on the basis of the 2<sup>nd</sup> draft review report and specific side documents
- Table of Review Questions („Annex I“ of Review Outline Document) shows that most but not all have been answered
- Excellent example of science-policy interaction
- GP Review is a huge effort which addresses the work of the Convention as a whole
- 3<sup>rd</sup> Draft **Review Report**, Draft ***Annex I (Science)*** and **Annex II (Technical)** available now

# GP Review: future

- „Heads of Delegation“ meeting, Den Haag, 27-30 September
  - Informal, Chatham House Rules
  - 6 consecutive Sessions on GP Review process and results, methane, synergies, GP annexes and guidance documents, and follow-up
- Executive Body 42<sup>nd</sup> meeting and beyond...:

Anna's presentation
