Briefing to CUDHLM Secretariat: 3 October 2022

The Glasgow Centre is focused on three key aspects the 2030 Agenda and the UNECE Regional Action Plan 2030 in respect of medium-sized cities:

1. Article 5: the integrated and indivisible nature of the SDGs;
2. Vertical and horizontal integration of SDGs and targets through national, regional and local policy, and
3. Best practice and outcomes in good urbanism.

The Centre works with the City Government for Glasgow; the Government of Scotland and a network of cities across the UNECE. Outputs from 2021/22 are listed on the slide together with the principal elements of Centre's work for 2022/23
