## Economic Commission for Europe

### Standing Working Group on Ageing

#### Fifteenth meeting

Geneva, 21 and 22 November 2022

Item 8 of the provisional agenda

#### Programme of work for 2023 and recommendations on key components of the programme of work for 2024

## Draft programme of work of the Population component of the Housing, Land Management and Population subprogramme for 2023

### Note by the Secretariat

#### Introduction

1. The present document sets out the draft programme of work of the Population component of the Housing, Land Management and Population subprogramme (“the subprogramme”) for 2023. The Standing Working Group on Ageing (“SWGGA”) is invited to adopt it and recommend to the Executive Committee for approval. Any subsequent additional, carried over or terminated deliverables will be reflected in UN Umoja system used by the Secretariat for planning, monitoring and reporting on the implementation of the programme.
2. The draft programme of work applies a results-based management (RBM) approach, a broad management approach which establishes logical relationship between the hierarchical results (deliverables – results - objectives – impact) known as ‘results chain’, the resources (human and financial) known as ‘inputs’ and the external factors (strategic, governance, operational, financial) which can prevent from achieving the objective.
3. The objective, the strategy, the planned results and the deliverables in the draft programme of work correspond to those contained in the ECE proposed programme budget for 2023 (A/77/6 (Sect.20)). The work of the subprogramme is aligned with the Sustainable Development Goals (SDGs). In attaining its objective, the subprogramme builds on cross-sectoral collaboration with other subprogrammes in relevant ECE areas where multiple SDGs converge<sup>1</sup>. This type of collaboration enables the subprogramme to maximize existing synergies, increase the efficiency of its work and have a multiplying effect on the impact of its actions to support countries to implement SDGs. The deliverables of the subprogramme

---

<sup>1</sup> The ECE cross-sectoral collaboration areas are as follows: 1) Circular economy and the sustainable use of natural resources; 2) Sustainable and smart cities for all ages; 3) Sustainable mobility and smart connectivity; and 4) Measuring and monitoring progress towards achieving the SDGs.

fall into the following main categories: (a) facilitation of the intergovernmental process and expert bodies; (b) generation and transfer of knowledge, including technical cooperation projects, training events, seminars, workshops, and publications; (c) other substantive deliverables, and (d) communication deliverables.

4. The details of the proposed publications are provided in Annex I. The overall ECE legislative mandates and those specific for the subprogramme are listed in Annex II.

## **I. Objective**

5. The objective, to which the subprogramme contributes, is to strengthen member State-owned and city-level programmes and policies promoting decent, adequate, affordable, energy-efficient and healthy housing for all, smart sustainable cities, sustainable urban development and land management, and to advance evidence-based population and social cohesion policies.

## **II. Strategy**

6. The responsibility for the Population component of the subprogramme is vested in the Statistical Division.

7. The strategy of the subprogramme is based on the implementation of the core interlinked functions, namely, international policy dialogue, normative work and capacity-building and the sharing of best practices and lessons learned in all areas of the subprogramme's work.

8. To contribute to the objective, the population component of the subprogramme will:

(a) Continue to facilitate cooperation between member States, regional agencies and other partners;

(b) Support national and regional review and follow-up activities to assess progress in implementing the Madrid International Plan of Action on Ageing and its Regional Implementation Strategy by providing a platform for intergovernmental policy debate on matters related to mainstreaming ageing, and facilitate communication with a wider network of experts and non-governmental organizations;

(c) Coordinate data collection on active ageing indicators and policy-oriented research on ageing and intergenerational and gender relations to support evidence-based policymaking and the monitoring of the implementation of the Madrid International Plan of Action on Ageing and its Regional Implementation Strategy;

(d) Support the development of national capacities for policy formulation through policy seminars, policy briefs and the showcasing of good practices from member States;

(e) Assess lessons learned and strengthen the capacity of member States in terms of preparedness and emergency response to mitigate the risks for older persons, in particular older persons in vulnerable situations, and uphold their rights and dignity beyond the COVID-19 pandemic.

9. The above-mentioned work in the thematic area of population is expected to result in:

(a) Demonstrated progress by member States in mainstreaming ageing across all policy fields and governance levels;

(b) Enhanced capacities of member States with regard to designing and implementing integrated policies for active and healthy ageing;

(c) Policy approaches adopted by member States that advance the rights and dignity of older persons and their contribution to a sustainable and inclusive society for all ages;

(d) The design and implementation by member States of national and regional emergency responses, including to the COVID-19 pandemic, that include more prominent considerations for older persons.

### III. Planned results for 2023

#### Result 1: countries launch new guidelines on how to mainstream ageing to achieve a society for all ages

##### Programme performance in 2021 and target for 2023

10. The subprogramme's work contributed to member States launching the implementation of guidelines on mainstreaming ageing, supported by a pilot toolkit that was developed by the subprogramme, which met the planned target.

11. The progress towards the objective and the target for 2023 are presented in the performance measure below (see table 1).

Table 1  
Performance measure

2019 (actual)	2020 (actual)	2021 (actual)	2022 (planned)	2023 (planned)
The task force commenced its work on developing guidelines and piloted a stocktaking exercise on mainstreaming practices in several countries	Member States reviewed and adopted guidelines on mainstreaming ageing to benefit policymakers across the region	Member States launched the implementation of guidelines on mainstreaming ageing and supported the development of a toolkit	The guidelines-based online training programme contributes to setting up strategic frameworks for mainstreaming ageing in a number of ECE countries	Member States further develop strategic frameworks for mainstreaming ageing and/or apply mainstreaming ageing principles in policies

#### Result 2: Madrid International Plan of Action on Ageing beyond 2022: reaching a consensus on the goals and actions for healthy and active ageing in a sustainable world

##### Programme performance in 2021 and target for 2023

12. The subprogramme's work contributed to member States holding national review and appraisal exercises of the Madrid International Plan of Action on Ageing and its Regional Implementation Strategy and submitting their national reports to the ECE secretariat, and to the Bureau of the Standing Working Group on Ageing preparing the first draft of a ministerial declaration for consultation with member States, which met the planned target.

13. The progress towards the objective and the target for 2023 are presented in the performance measure below (see table 2).

Performance measure

2019 (actual)	2020 (actual)	2021 (actual)	2022 (planned)	2023 (planned)
Member States decided on a tentative timeline for the fourth review and appraisal of the Madrid International Plan of Action on Ageing/Regional Implementation Strategy. The ECE Standing Working Group on Ageing tasked its Bureau with the development of guidelines for national reports	The Bureau issued the guidelines for national reports and launched the fourth review and appraisal exercise in the region  A concept note for the 2022 Ministerial Conference on Ageing was discussed at the annual meeting of the Working Group	Member States held national review and appraisal exercises and submitted their national reports to the ECE secretariat  The Bureau prepared a first draft of the ministerial declaration for consultation with the member States	Member States hold intergovernmental consultations on a draft ministerial declaration, to be submitted at the 2022 Ministerial Conference  The 2022 Ministerial Conference to adopt by acclamation its outcome document outlining the goals and main actions for healthy and active ageing in 2023–2027 that safeguard the dignity and rights of older persons	The programme of work of the Standing Working Group for Ageing for 2023–2027, based on the priorities outlined in a declaration of the 2022 Ministerial Conference and the outcome of the global review of the Madrid International Plan of Action on Ageing in 2023, is developed and adopted by member States

## VI. External factors

14. The Population component of the subprogramme is expected to achieve its objective on the assumption that:

(a) Member States continue to guide ECE intergovernmental processes, support the work of ECE and give high priority to regional and subregional cooperation and integration, with a view to achieving sustainable development;

(b) All relevant stakeholders at the national level have the political will to cooperate in implementing ECE legal instruments, norms and standards;

(c) Voluntary resources continue to be available.
