

Proposal for amendments to UN Regulation No. 161 (Devices against Unauthorized Use)

The text reproduced below was prepared by the expert from the International Organization of Motor Vehicle Manufacturers (OICA) to align the reference to the UN Regulation No.10 (electromagnetic compatibility). The modifications to the current text of the regulation are marked in bold for new and strikethrough for deleted characters.

I. Proposal

Annex 7, Paragraph 4., amend to read:

“4. Radiated emissions

Tests shall be performed according to the technical prescriptions and transitional provisions of UN Regulation No. 10, ~~04~~ **06** series of amendments prescriptions and according to the test methods described in Annexes 4 and 5 for vehicles or Annexes 7 and 8, for an Electrical/Electronic Sub-Assembly (ESA).

The locking system shall be in set state.”

II. Justification

This proposal intends to well align the three UN regulations resulted from the split of UN R116 with regard to their references to UN Regulation No.10 on electromagnetic compatibility.
