

# Challenge 3: Innovative approaches to limit the consequences of accidental water pollution events

## Joint Expert Group on Water and Industrial Accidents

*Seminar on emerging risks in accidental water pollution:  
focus on natural hazard-triggered accidents*  
Budapest, Hungary and online, 5 October 2022

## CHALLENGE 3 - DISCUSSION

How can we ensure that natural hazards potentially triggering accidental pollution can be mitigated with nature-based solutions, and what role does life-cycle thinking play?
