Liaison with ISO TC 315

Transmitted by Tranfrigoroute International on behalf of the ISO liaison representatives

Summary
Executive summary: Report of liaison with ISO TC315
Action to be taken: Information only.
Related documents: NA.

Introduction

1. Back in 2021, a new ISO Technical Committee (TC) has been established with the intent to deal with Cold chain logistics.
2. It has been discussed that a liaison between Working Party on the Transport of Perishable Foodstuffs (WP 11) and this new TC 315 would be beneficial for both.
3. In April 2022, a liaison between UNECE and ISO/TC 315 has been officially approved.
4. Accordingly, Yan Zhang (UNECE); Alibech Mireles Diaz (UNECE) and Lionel Pourcheresse (AFNOR expert) have been registered as a liaison representative from UNECE to TC 315 in the ISO database (ISO Global Directory).
