

CURRICULUM VITAE

António Pedro de Nobre Carmona Rodrigues

Place and date of birth: Lisbon, 23 June 1956.

Civil Engineer, Military Academy, Lisbon, 1978.

Dip. Hydraulic Engineering, Delft, The Netherlands, 1982.

PhD in Environmental Engineering, UNL, Lisbon, 1992 (dissertation: "Reservoir Water Quality Mathematical Modeling").

Advanced Management Program (PADE), AESE, 2011.

He started his career at Hidroprojecto in 1978. In 1993 he started his connection to Universidade Nova de Lisboa, as a guest assistant. At the University, he participated and was responsible for several research projects, namely in the areas of water resources planning and management and water quality modelling.

Invited Assistant since 1983, and Professor since 1992, having taught several courses in the Master's Program of Environmental Engineering, Civil Engineering and Geological Engineering, at the Faculty of Sciences and Technology, Universidade Nova de Lisboa, such as: Hydraulics, Hydrology, Water Resources Planning and Management, Water Quality Modelling. Coordinator of the Master Program in Water Engineering and Management (2007-2015).

Responsible for the Hydraulics Laboratory Prof. Armando Lencastre at Universidade Nova de Lisboa.

He has published five books and more than eighty articles in national and foreign journals. He has supervised several master's and doctoral theses in the area of water resources and has been a member of several academic juries.

During his 40 years of experience in water resources, he has been involved in several important projects in Portugal and some abroad, namely in the areas of water resources, hydraulics and environmental assessment.

Responsible for the elaboration of the "Methodologies for the delimitation of protection perimeters of surface water abstractions", developed for EPAL (2012).

Member of the National Water Council since 1994. Among others, he was Member of the Working Group "Quality of Water and Water Media" (1997).

Advisor to the Secretary of State for the Environment and Natural Resources (1993 -1995).

Member of the Portuguese National Commission for Large Dams since 1998.

Specialist consultant on water quality in the Portuguese National Water Plan (2000).

Representative of Portugal, through the Portuguese Water Institute (INAG), at the European Topic Center on Inland Waters (ETC/IW) (1997-2000).

Chairman of the Executive Committee of the Portuguese Water Resources Association (1998-2000).

Member of the Order of Engineers.

Member of the Academy of Engineering since 2005.

DHV Administrator (2008-2013).

Managing Director of Taguspark (2014-2017).

President of Fundação Cidade de Lisboa (2018-).

Minister of Public Works, Transport and Housing (2003-2004).

Deputy Mayor of Lisbon (2002-2003 and 2007-2009).

Mayor of Lisbon (2004-2005; 2005-2007).

Grand Officer of the Order of Merit, Republic of Austria. Grand Cross, White Star 1st Class, Republic of Estonia.

Lisbon, October 2022
