DECREE OF THE PRESIDENT OF UKRAINE №111/2021 On the decision of the National Security and Defense Council of Ukraine dated March 23, 2021 On challenges and threats to the national security of Ukraine in the environmental sphere and priority measures to neutralize them

REGULATION (EC) № 166/2006 TO THE EUROPEAN PARLIAMENT and of the COUNCIL of 18 January 2006 concerning the establishment of a European Pollutant Release and Transfer Register and amending Council Directives 91/689/EEC and 96/61/EC

LAW OF UKRAINE № 980-VIII dated 03.02.2016 On the ratification of the Protocol on a Pollutant Release and Transfer Register

UKRAINE – EU ASSOCIATION AGREEMENT article 363 of Chapter 6 "Environment" of Section V "Economic and Sectoral cooperation"

AARHUS CONVENTION Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters

SCOPE OF THE LAW

This Law regulates relations in the field of **formation and operation of the Register**,
registration of objects,
compilation and submission to the authorized body of **reports of operators, certificates on diffuse sources**,
entering data on emissions and transfer of pollutants **to the Register** in relation to objects, as well as diffuse sources located in Ukraine

MAIN GOALS

Establishing the **legal and organizational basis** for the formation and functioning of the national register of emissions and transfers of pollutants

Harmonization of pollution data standards

Facilitation of reporting under international obligations, in particular EMEP, PRTR, etc.

Ensuring openness and availability of data

BASIC PRINCIPLES

Legality

Completeness, accuracy, comparability, consistency and reliability of data to be included in operator reports, reports on diffuse sources and entered in the Register

Integration of the Register with other information, information and communication system, **databases** in the field of environmental protection

Continuous **improvement of the process** of registration of emissions and transfer of pollutants, as well as the functioning of the Register

Ensuring public participation in the processes of creating and improving the functioning of the Register

Ensuring free **public access** to the Register, reports of operators, reports on diffuse sources, reports of the authorized body

NEXT STEPS

DEVELOPMENT AND ADOPTION OF BY-LAWS
