I. METHODOLOGICAL STUDIES AND EDUCATION

The Working Party on Technical Harmonization and Standardization Policies has agreed to recommend that:

- I.1** ECE Governments should, in collaboration with appropriate intergovernmental and other organizations and taking into account the activities of the International Organization for Standardization (ISO) and the International Electro-technical Commission (IEC), consider the possibility of encouraging:
- the introduction of the subject of standardization into the scientific and technological curricula of educational establishments;
 - the education and training of specialists in standardization;
 - the further study in depth of the methodology of standardization supported by international collaboration.
