Abstract:	This liaison statement aims to inform ITU-T Study Group 16 on the publication of the Technical Reports FGAI4AD-01 and FG-AI4AD-03.

FG-AI4AD is pleased to inform ITU-T Study Group 16 that at last September 2022 meeting the FG-AI4AD has completed the following two deliverables:

a) FGAI4AD-01 *"Automated driving safety data protocol – Specification" (TR01),* and

b) FGAI4AD-03 *" Automated driving safety data protocol – Practical demonstrators" (TR03)*.

They are currently **pre-published** by FG-AI4AD as

- FGAI4AD-01 (TR01) – (FGAI4AD-I-177R2 = FGAI4AD-O-033), and

- FGAI4AD-03 (TR03) – (FGAI4AD-I-178R2 = FGAI4AD-O-032).

TSB is currently reviewing these deliverables to perform professional copyediting and SG16 will be informed when the task is completed, and the final TRs are published.

SG16 was already informed via liaison statement (SG16-TD14/GEN) of the completion of the technical report (TR02), which is already **published** as FGAI4AD-02:

c) FGAI4AD-02 "Automated driving safety data protocol – Ethical and legal considerations of continual monitoring" (FGAI4AD-02)

We are pleased to attach the current pre-published deliverables for ITU-T SG16 further consideration.

Attachments: 2

1   FGAI4AD-O-033 – FGAI4AD-01 "Automated driving safety data protocol – Specification", and

2   FGAI4AD-O-032 – FGAI4AD-03 "Automated driving safety data protocol – Practical demonstrators".
