

## REGULAR BUDGET : United Nations Development Account

ID#	Title	Objective	Start / End	Beneficiary countries	Project manager
<b>Subprogramme 1 - Environment</b>					
<a href="#">2360</a>	Equitable access to water and sanitation services for all and in all settings and strengthened climate-resilience in the water and sanitation sector	To strengthen the capacity of policymakers and water and wastewater operators in target countries in the UNECE region to develop and implement policies and measures aimed at ensuring equitable access to climate-resilient water, sanitation and hygiene services for inclusive COVID-19 recovery and enhanced resilience in the water and sanitation sector.	Jan 2023 - Dec 2026	Kazakhstan, Montenegro, Republic of Moldova, Turkmenistan	Liliana Annovazzi-Jakab
<a href="#">1819AE</a>	Evidence-based environmental governance and sustainable environmental policies in support of the 2030 Agenda in South-East Europe	To assist national stakeholders, in particular the ministries responsible for environmental issues, to contribute to the revision of sector-specific and cross-sectoral strategies aligning them with the SDGs.	Jan 2018 - Dec 2021	Albania, Bosnia and Herzegovina, former Yugoslav Republic of Macedonia, Montenegro, Serbia	Antoine Nunes
<a href="#">1819AA</a>	Improved environmental monitoring and assessment in support of the 2030 Sustainable Development Agenda in South-Eastern Europe, Central Asia and the Caucasus	To improve national capacities to produce, track and share environmental information and data	2018 - 2021	Armenia, Bosnia and Herzegovina, the former Yugoslav Republic of Macedonia, Georgia, Kazakhstan, Kyrgyzstan and Tajikistan.	Nicholas Bonvoisin
<a href="#">1415AF</a>	Strengthening Governments' and water operators' capacity to ensure equity of access to water and sanitation in countries in transition in the ECE region with a particular focus on small-scale water supplies and sanitation in rural areas	To strengthen capacity of national and local authorities as well as water operators to develop policies and measures aimed at providing access to clean and safe drinking water and adequate sanitation in countries with economies in transition in the ECE region.	2014-2017	Albania, Armenia, Azerbaijan, Belarus, Bosnia and Herzegovina, Georgia, Kazakhstan, Kyrgyzstan, Serbia, Tajikistan, the former Yugoslav Republic of Macedonia, Ukraine and Uzbekistan	Nataliya Nikiforova
<b>Subprogramme 2 - Transport</b>					
<a href="#">2124O</a>	Sustainable mobility and smart connectivity (trade and transport nexus) in Central Asia, the Caucasus and Western Balkans	The project will support the development of sustainable mobility and smart connectivity in Central Asia, the Caucasus and Western Balkans.	2021-2024	UNECE member States in the Western Balkans, Central Asia and the Caucuses with an initial focus on Albania, Georgia and Uzbekistan.	Francesco Dionori
<a href="#">2023X</a>	Transport and trade connectivity in the age of pandemics	To implement United Nations solutions, including standards, guidelines, metrics, tools and methodologies to immediately help governments and the business community world-wide keep transport networks and borders operational to facilitate the flow of goods and services, while containing the further spread of the COVID-19 virus.	2020-2023	Armenia, Azerbaijan, Georgia, Montenegro, Ukraine, Belarus, Tajikistan, SPECA countries, Kyrgyzstan, Kazakhstan, Turkmenistan, Uzbekistan,	Konstantinos Alexopoulos
<a href="#">1819AT</a>	1819AT Sustainable transport connectivity and implementation of transport related SDGs in selected landlocked and transit/bridging countries	The project will strengthen the capacities of 5 countries (Georgia, Kazakhstan, Serbia, Paraguay and Jordan) to design and implement an evidence-based transport policy framework that fosters sustainable transport connectivity and the implementation of transport-related Sustainable Development Goals (SDGs).	2018-2020	Georgia, Kazakhstan, Serbia, Paraguay, Jordan	Roel Janssens
<a href="#">1819BA</a>	Sustainable transport connectivity and implementation of transport related SDGs in selected landlocked and transit/bridging countries	to enhance the national capacities of selected developing and middle-income countries to design and implement an evidence-based transport policy framework, that fosters sustainable transport connectivity and the implementation of transport-related SDGs.	2018-2021	Georgia, Kazakhstan, Serbia, Paraguay, Jordan	Francesco Dionori

## REGULAR BUDGET : United Nations Development Account

ID#	Title	Objective	Start / End	Beneficiary countries	Project manager
<a href="#">1415BC</a>	Strengthening the national road safety management capacities of developing countries and countries with economies in transition		2014-2018	Developing countries and countries with economies in transition	Nenad Nikolic
<a href="#">1213AA</a>	Strengthening the capacities of developing countries and countries with economies in transition to facilitate legitimate border crossing, regional cooperation and integration	To strengthen the capacities of developing countries and countries with economies in transition to facilitate border crossing through increased exchange of secure electronic information between customs administrations	2013-2015	Developing countries and countries with economies in transition	Andre Sceia
<b>Subprogramme 3 - Statistics</b>					
<a href="#">2225A</a>	Statistics and Data Project - Resilient and agile National Statistical Systems (NSS) to meet post-COVID-19 data needs to recover better	To improve the resilience and agility of NSS to meet COVID-19 data needs to recover better	2022-2025		Steven Vale
<a href="#">2023D</a>	Data and statistics for more gender-responsive trade policies in Africa, Eastern Europe, Caucasus and Central Asia	joint effort of UNCTAD, ECA and ECE to develop a coherent approach to measuring the impact of trade on gender equality using official statistics and building on the existing statistical data and capacity of countries.	2020-2023		Andres Vikat
<a href="#">2023Y</a>	Strengthening Social Protect for Pandemic Response	To strengthen national capacities to design and implement social protection policies with a gender perspective, for rapid recovery from COVID-19 and increase resilience, especially of the most vulnerable populations, against future exogenous shocks.	2020-2023		Andres Vikat
<a href="#">1617A</a>	Programme on Data and Statistics	To improve the quality of official statistics at the national and international levels, and to ensure the coordination of international statistical activities undertaken in the ECE region.	2016-2021	UNECE member States	Steven Vale
<a href="#">1415BG</a>	Promoting equality: Strengthening the capacity of select developing countries to design and implement equality-oriented public policies and programmes	Promoting equality: Strengthening the capacity of select developing countries to design and implement equality-oriented public policies and programmes (UNECE is the implementing Agency while UNECLAC is the leading Agency for this project)	2016-2018		
<a href="#">1415AD</a>	Strengthening the capacity in the most vulnerable countries in the ECE region for the sustainable development of statistics	To enhance the national capacity of the most vulnerable UNECE countries for sustainable development of statistics.	2014-2017	Armenia, Georgia, Kyrgyzstan, Moldova, Tajikistan, Turkmenistan, Ukraine and Uzbekistan	Steven Vale
<b>Subprogramme 4 - Economic Cooperation and Integration</b>					
<a href="#">N2124</a>	Accelerating the transition towards a Circular Economy in the ECE region	The transition to a Circular Economy is a priority in the United Nations Economic Commission for Europe (ECE) region, and the proposed project will support selected beneficiary countries in accelerating such a transition in key target areas, including: traceability of products along international value chains; sustainable public procurement; the management of waste.	2021-2024	Belarus, Georgia, Kazakhstan, Republic of Moldova, Serbia, Tajikistan	Ralf Heinrich

## REGULAR BUDGET : United Nations Development Account

ID#	Title	Objective	Start / End	Beneficiary countries	Project manager
<a href="#">2124A</a>	(ECE) - Towards integrated national financing framework	This project will complement ongoing capacity development activities around INFFs (in pioneer countries, and those funded through the Joint SDG Fund), as well as the Joint UNCTAD, ECLAC and ESCAP project on Response and Recovery: Mobilising financial resources for development in the time of Covid-19; as well as related projects on financing for development (e.g. on taxation).	2021-2024		Tony Bonnici
<a href="#">2023N</a>	Strengthening innovation policies for SPECA countries in support of the 2030 Agenda for Sustainable Development.	This project will support seven SPECA countries in their efforts to spur innovation as a central driver of the increasingly urgent transition from a low productivity and resource-intensive model of economic development to knowledge-based and more sustainable economic growth, in line with the SDGs.	2020-2023	SPECA participating countries: Afghanistan, Azerbaijan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan	Anders Jonsson
<b>Subprogramme 5 - Sustainable Energy</b>					
<a href="#">2225Q</a>	Strengthening energy policies of Countries with Special Needs to build back better from COVID-19	To improve the capacity of policymakers by supporting them to develop SDG 7 roadmaps that enable the delivery of both the sustainable energy transition and the economic recovery from COVID-19.	2022-2025	Armenia, Sri Lanka, Federated States of Micronesia, Kazakhstan, Kiribati, Maldives, Mongolia, and Uzbekistan.	Oleg Dzioubinski
<a href="#">2225M</a>	Food-Water-Energy nexus support to post-COVID-19 recovery in Eastern Europe, Western Balkans, Central Asia, the Middle East and Africa	aims to develop a sustainable and integrated management approach interconnecting the food, water and energy nexus and helping to manage the impact of the Covid-19 situation. More specifically, the project will assist the beneficiary countries to identify and develop best practices and measures to apply a cross-cutting nexus approach to food systems, water and energy management.	2022-2025	Albania/Montenegro, Belarus, Kazakhstan, Uzbekistan,	Harikrishnan Tulsidas
<a href="#">2023W</a>	Global Initiative towards post-Covid-19 resurgence of the MSME sector (Energy Division)	to contribute to the result, which is an improved capacity of small and medium enterprises to create new growth opportunities and resilience in the post-Covid economic system.	2020-2023		Oleg Dzioubinski
<a href="#">1819AB</a>	Integrated energy and water resource management in support of sustainable development in South-East Europe and Central Asia	to develop an integrated management and monitoring tool focused on interconnecting energy and water systems and helping to manage the impact of energy production on water systems.	Jan 2018 - Dec 2021	Bosnia and Herzegovina, Serbia, Kazakhstan and Kyrgyzstan	Viktor Badaker
<a href="#">1617X</a>	Sustainable Energy for All (SE4All) in Eastern Europe, the Caucasus and Central Asia	To strengthen the national capacity of economies in transition to develop National Actions Plans for Sustainable Energy for All (SE4All) in the context of the post-2015 Sustainable Development agenda.	2016-2019	Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan	Viktor Badaker
<a href="#">1213AB</a>	Promoting Energy Efficiency Investments for Climate Change Mitigation and Sustainable Development	To strengthen the capacity of developing countries and countries with economies in transition to attract investments in energy efficiency projects in private and public sectors.	2012-2016	Countries with economies in transition in the UNECE region	Viktor Badaker
<b>Subprogramme 6 - Trade</b>					

## REGULAR BUDGET : United Nations Development Account

ID#	Title	Objective	Start / End	Beneficiary countries	Project manager
<a href="#">2225U</a>	Blockchains for facilitating trade and enhancing competitiveness	Will strengthen national innovation and technological capacities related to the use of blockchain technology in customs and trade operations in five selected developing countries, to boost trade and enhance competitiveness in support of sustainable development.	2022-2025	Central Asia including Kyrgyzstan, Uzbekistan	Maria Rosaria Ceccarelli
<a href="#">2225N</a>	Enhanced capacities of selected countries in the ECE region for pandemic-resilient, sustainable cross-border trade, and transport	The project will help raise the efficiency and resilience of supply chains in the target transition economies by rolling out a package of harmonized electronic equivalents of key documents accompanying goods transported by sea, road, rail, air, and inland water transport, aligned to the UN/CEFACT standards. It will expand it to cover additional documents, certificates and permits, notably documents accompanying cargo, related to transparency in international trade and transport.	2022-2025	Azerbaijan, Belarus, Georgia, Kazakhstan, Moldova, Ukraine, and Uzbekistan	Mario Apostolov
<a href="#">2124N</a>	Accelerating the transition towards a Circular Economy in the ECE region	To support beneficiary countries in accelerating transition to circular economy in traceability of products along international value chains; sustainable public procurement, and the management of waste.		Belarus, Georgia, Kazakhstan, Republic of Moldova, Serbia, Tajikistan	Elisabeth Tuerk
<a href="#">2023X</a>	Transport and trade connectivity in the age of pandemics	To implement United Nations solutions, including standards, guidelines, metrics, tools and methodologies to immediately help governments and the business community world-wide keep transport networks and borders operational to facilitate the flow of goods and services, while containing the further spread of the COVID-19 virus.	2020-2023		Mario Apostolov
<a href="#">2023W</a>	Global Initiative towards post-Covid-19 resurgence of the MSME sector (Energy Division)	to contribute to the result, which is an improved capacity of small and medium enterprises to create new growth opportunities and resilience in the post-Covid economic system.	2020-2023	Developing countries and economies in transition	Hana Daoudi
<a href="#">18/19AD</a>	Increased policy coherence and sustainability of national production and consumption patterns in North-South and South-South agriculture trade	The project will analyze the impact of trade requirements in the area of quality on export-oriented production in developing and transition countries and help develop policy coherent measures both in the target countries and at the international standardization level.	2018-2021	Uzbekistan, Ukraine, Kenya, Brazil, Thailand, Nepal	Liliana Annovazzi-Jakab
<a href="#">18/19AC</a>	Evidence-based trade facilitation measures for economies in transition	Strengthen national capacities of selected economies in transition in the UNECE region to implement evidence-based trade facilitation measures for better integration into the international rules-based trading system.	2018-2021	Kazakhstan, Ukraine, Georgia, the Former Yugoslav Republic of Macedonia	Maria Ceccarelli
<a href="#">1617AN</a>	Strengthening the national capacities of the UNECE countries for evidence-based regulatory and procedural trade policies to achieve the SDGs	Strengthening the national capacities of the UNECE countries for evidence-based regulatory and procedural trade policies to achieve the SDGs	2017-2020		Hana Daoudi
<a href="#">1415AE</a>	Strengthening the capacity of transition and developing economies to participate in cross-border agricultural food supply chains	Strengthening the capacity of economies in transition and developing countries to improve the planning, management and regulation of cross-border agricultural food supply chains.	2014-2017	Developing and transition economies in the ECE and ESCAP region	Liliana Annovazzi-Jakab

## REGULAR BUDGET : United Nations Development Account

ID#	Title	Objective	Start / End	Beneficiary countries	Project manager
<a href="#">2326N</a>	Circular forest product value chains and nature-based solutions in Central Asia and the Caucasus	The objective of the project is to improve the knowledge and capacity of the 4 beneficiary countries (Kyrgyzstan, Tajikistan, Uzbekistan and Georgia) to advance inclusive rural development and forest landscape restoration for increased agroforestry activities through circular forest products value chains and nature-based solutions. Forest-product value chains hold a yet untapped potential to provide revenue to local communities (often the most vulnerable and poorest population) and improve food security in a currently fragile global food system.	Jan 2023 - Dec 2026	Kyrgyzstan, Uzbekistan, Tajikistan and Georgia	Valentina Paderi
<a href="#">1617V</a>	Accountability systems for sustainable forest management in the Caucasus and Central Asian countries	The objective of the project is to strengthen the national capacity of five countries in the Caucasus and Central Asia (Armenia, Georgia, Kazakhstan, Kyrgyzstan and Uzbekistan) to develop national criteria and indicators (C&I) and reporting or accountability systems for sustainable forest management (SFM).	2016-2020	Armenia, Georgia, Kazakhstan, Kyrgyzstan and Uzbekistan	Roman Michalak
<a href="#">1213AW</a>	Sustainable forest management for greener economies in the Caucasus and Central Asia	To strengthen the national, capacity of countries in the Caucasus and Central Asia to enhance the contribution of their forest sector to greener economies.	2013-2015	Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Tajikistan, Uzbekistan	Elina Warsta
<b>Subprogramme 8 - Housing, Land Management and Population</b>					
<a href="#">2225J</a>	Voluntary local reviews: evidence for greener, resilient and sustainable urban recovery in Eastern European and Central Asian countries in transition (UNECE partner)	Voluntary local reviews: evidence for greener, resilient and sustainable urban recovery in Eastern European and Central Asian countries in transition	2022-2025	Serbia, Tajikistan, Georgia, Kyrgyzstan, Ukraine	Gulnara Roll
<a href="#">2023AA</a>	Building Urban Economic Resilience during and after COVID19	To strengthen the capacity of local governments in 16 demand-selected cities to design, implement, and monitor sustainable, resilient and inclusive COVID-19 economic and financial responses, recovery and rebuilding plans	2020-2022	Albania, Cameroon, Ecuador, Egypt, Fiji, Ghana, India, Kuwait, Kyrgyzstan, Lebanon, Malaysia, Perú, Dominican Republic, Ukraine, Viet Nam, Zimbabwe.	Gulnara Roll
<a href="#">2023O</a>	Smart Sustainable Cities for the 2030 Agenda on Sustainable Development and the New Urban Agenda in selected countries in the UNECE Region	The project will support transitions of beneficiary selected countries in the UNECE region towards smart and sustainable cities with a view to support implementation of the Goal 11 and other urban related SDGs of the 2030 Agenda for Sustainable Development.	2020-2023	Belarus, Georgia, Kazakhstan, Kyrgyzstan, Montenegro	Gulnara Roll
<a href="#">2023P</a>	Inter-regional cooperation for the implementation of the New Urban Agenda	To explore and deepen our understanding of urban planning dimensions of pandemic preparedness. The project focuses on policy integration, namely cross-sectoral (horizontal) and national-subnational-local (vertical) integration to strengthen policy coherence for sustainable urban development.	2020-2023	Ecuador, Costa Rica, Cuba, 1 or 2 target country/city in the ECA region, 1 or 2 target country/city in the ESCWA region (Morocco/Rabat, Jordan/Amman, 1or 2 target country/ city in the ESCAP region (Cambodia, Philippines) and 1 target country in the overlapping ESCAP/UNECE region	Gulnara Roll
<a href="#">1617W</a>	Evidence-based policies for sustainable housing and urban development in the UNECE region		2016-2019		Gulnara Roll

**REGULAR BUDGET : United Nations Development Account**

ID#	Title	Objective	Start / End	Beneficiary countries	Project manager
<a href="#">1415AC</a>	Strengthening national capacities for sustainable housing in selected countries with economies in transition	To strengthen national capacities for sustainable housing in selected countries with economies in transition to support implementation of Rio+20 commitments.	2014-2017	Armenia, Republic of Moldova, Serbia and Tajikistan	Gulnara Roll
