# Technical Assistance for Ukraine

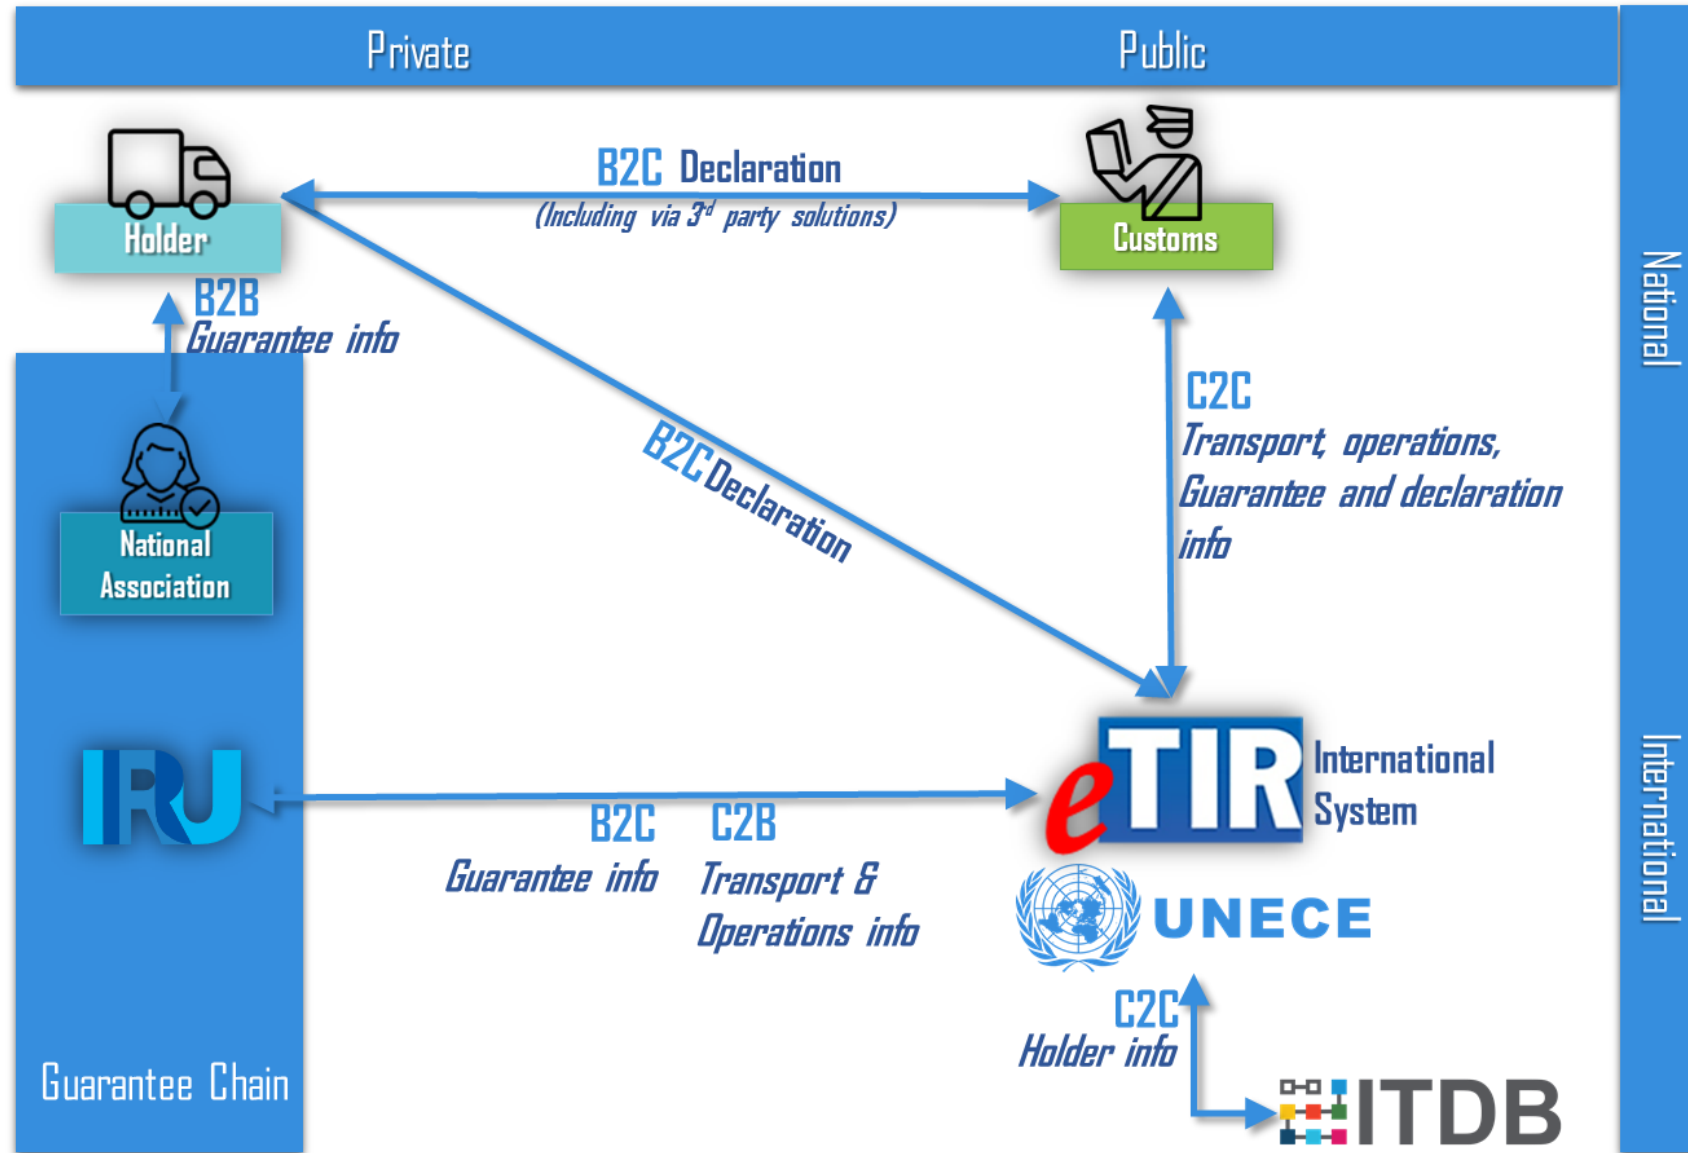

- Since, on 16 June 2021, the TIR Convention, 1975 entered into force for Egypt. the convention has 77 contracting parties. The TIR system has 65 active TIR countries.
- The TIR system is promoted under the auspices of the United Nations to ensure wide availability for all countries wishing to make use of it. The Economic and Social Council of the United Nations (ECOSOC) adopted a Resolution (1984/79) which recommends that countries worldwide examine the possibility of acceding to the Convention and introducing the TIR system. Furthermore, it recommends that international, intergovernmental and non-governmental organizations, and in particular the regional commissions of the United Nations, promote the introduction of the TIR system as a global customs transit system.
