

Economic Commission for Europe
Administrative Committee for the TIR Convention, 1975
Technical Implementation Body
Third session

Geneva, 19–20 December 2022

Item 5 (b) (iii) of the provisional agenda

eTIR conceptual, functional and technical specifications:
Version 4.4
New proposals by the governments*
Transmitted by the European Commission
I. Introduction

1. With the present note, the Directorate-General for Taxation and Customs Union (DG TAXUD), as representative of the European Union Member States, would like to propose some changes to be applied to the eTIR specifications based on the analysis carried out during the cooperation between United Nations Economic Commission for Europe and DG TAXUD to establish the Proof of Concept (NCTS-eTIR).

II. Change proposal to be applied to the eTIR technical specifications

2. The below table contains the proposed changes.

<i>Analysed # message</i>	<i>Data Group / Data Element Name</i>	<i>Format</i>	<i>Proposal description</i>
1 I15	Consignor	-	Add this data group at Consignment level as optional, and include a dependency that if the information is provided at Consignment level, it shall not be present at a lower level.
2 I7	Attached Documents / Issuing Date	An35	Change optionality from “Required” to “Optional”

* This document was submitted late due to delayed inputs from other sources.

III. Considerations by TIB

3. TIB might wish to consider the above proposal.
