

Decision 2022/3

Adoption of the strategy for scientific bodies under the Convention on Long-range Transboundary Air Pollution

The Executive Body,

Recalling the revised strategy for the Cooperative Programme for Monitoring and Evaluation of the Long-range Transmission of Air Pollutants in Europe for 2010–2019 (ECE/EB.AIR/2009/16/Rev.1),¹

Recalling also the revised long-term strategy of the effects-oriented activities (ECE/EB.AIR/2009/17/Rev.1),²

Recognizing the achievements of the science work under the Convention over the past 10 years,

Recognizing also the need to update the above-mentioned strategies of the scientific bodies in order to set out a vision for scientific work and priorities for the period 2022–2030 and beyond, so as to support implementation of the long-term strategy for the Convention for 2020–2030 and beyond (decision 2018/5)³ and provide the technical and scientific background to support the implementation of the protocols to the Convention,

Adopts the strategy for scientific bodies under the Convention on Long-range Transboundary Air Pollution approved by the Steering Body to the Cooperative Programme for Monitoring and Evaluation of the Long-range Transmission of Air Pollutants in Europe and the Working Group on Effects at their eighth joint session (Geneva, 12–16 September 2022) and contained in document ECE/EB.AIR/2022/10.
