

Proposal for amendments to the Original Version of UN Regulation No. 162 (Immobilizers)

The text reproduced below was prepared by the expert from France to propose editorial correction in Annex 2a and 2b of the regulation. The modifications to the current text are marked in bold for new characters and strikethrough for deleted characters.

I. Proposal

Annex 2a, amend to read:

“ [...] of a type of ~~device for indirect vision~~ **vehicle with regard to its immobilizer** pursuant to UN Regulation No. 162 [...]”

Annex 2b, amend to read:

“ [...] of a type of ~~device for indirect vision~~ **component or separate technical unit as an immobilizer** pursuant to UN Regulation No. 162 [...]”

II. Justification

1. Following the regulation n°116 split, the communication forms have been updated, based on other regulations (UNR n°46) but remaining corrections are still needed.
