Discussion Panels: Names of speakers

Submitted by the Chair and the secretariat

1. This document provides names of speakers participating in different panels taking place during the present session.
2. In the context of the 1968 Convention on Road Traffic, the panels relate to situations when a driver operates a vehicle from outside a vehicle, to human factors and automated driving as key issues for future road traffic, as well as to road traffic of the future, in particular challenges and perspectives in the cities.
3. In the context of the Consolidated Resolution on Road Traffic (R.E.1), the panels relate to policies focusing on the road safety challenges in LMICs, personal mobility devices and other devices facilitating sustainable and inclusive mobility, and driving under the influence.
