# AFRICA MINING VISION (AMV)

BY

- **TUNDE ARESKOLA** Senior Advisor, Geological and Minerals Information : AMDC Addis Ababa, Ethiopia.

# AU at a Glance

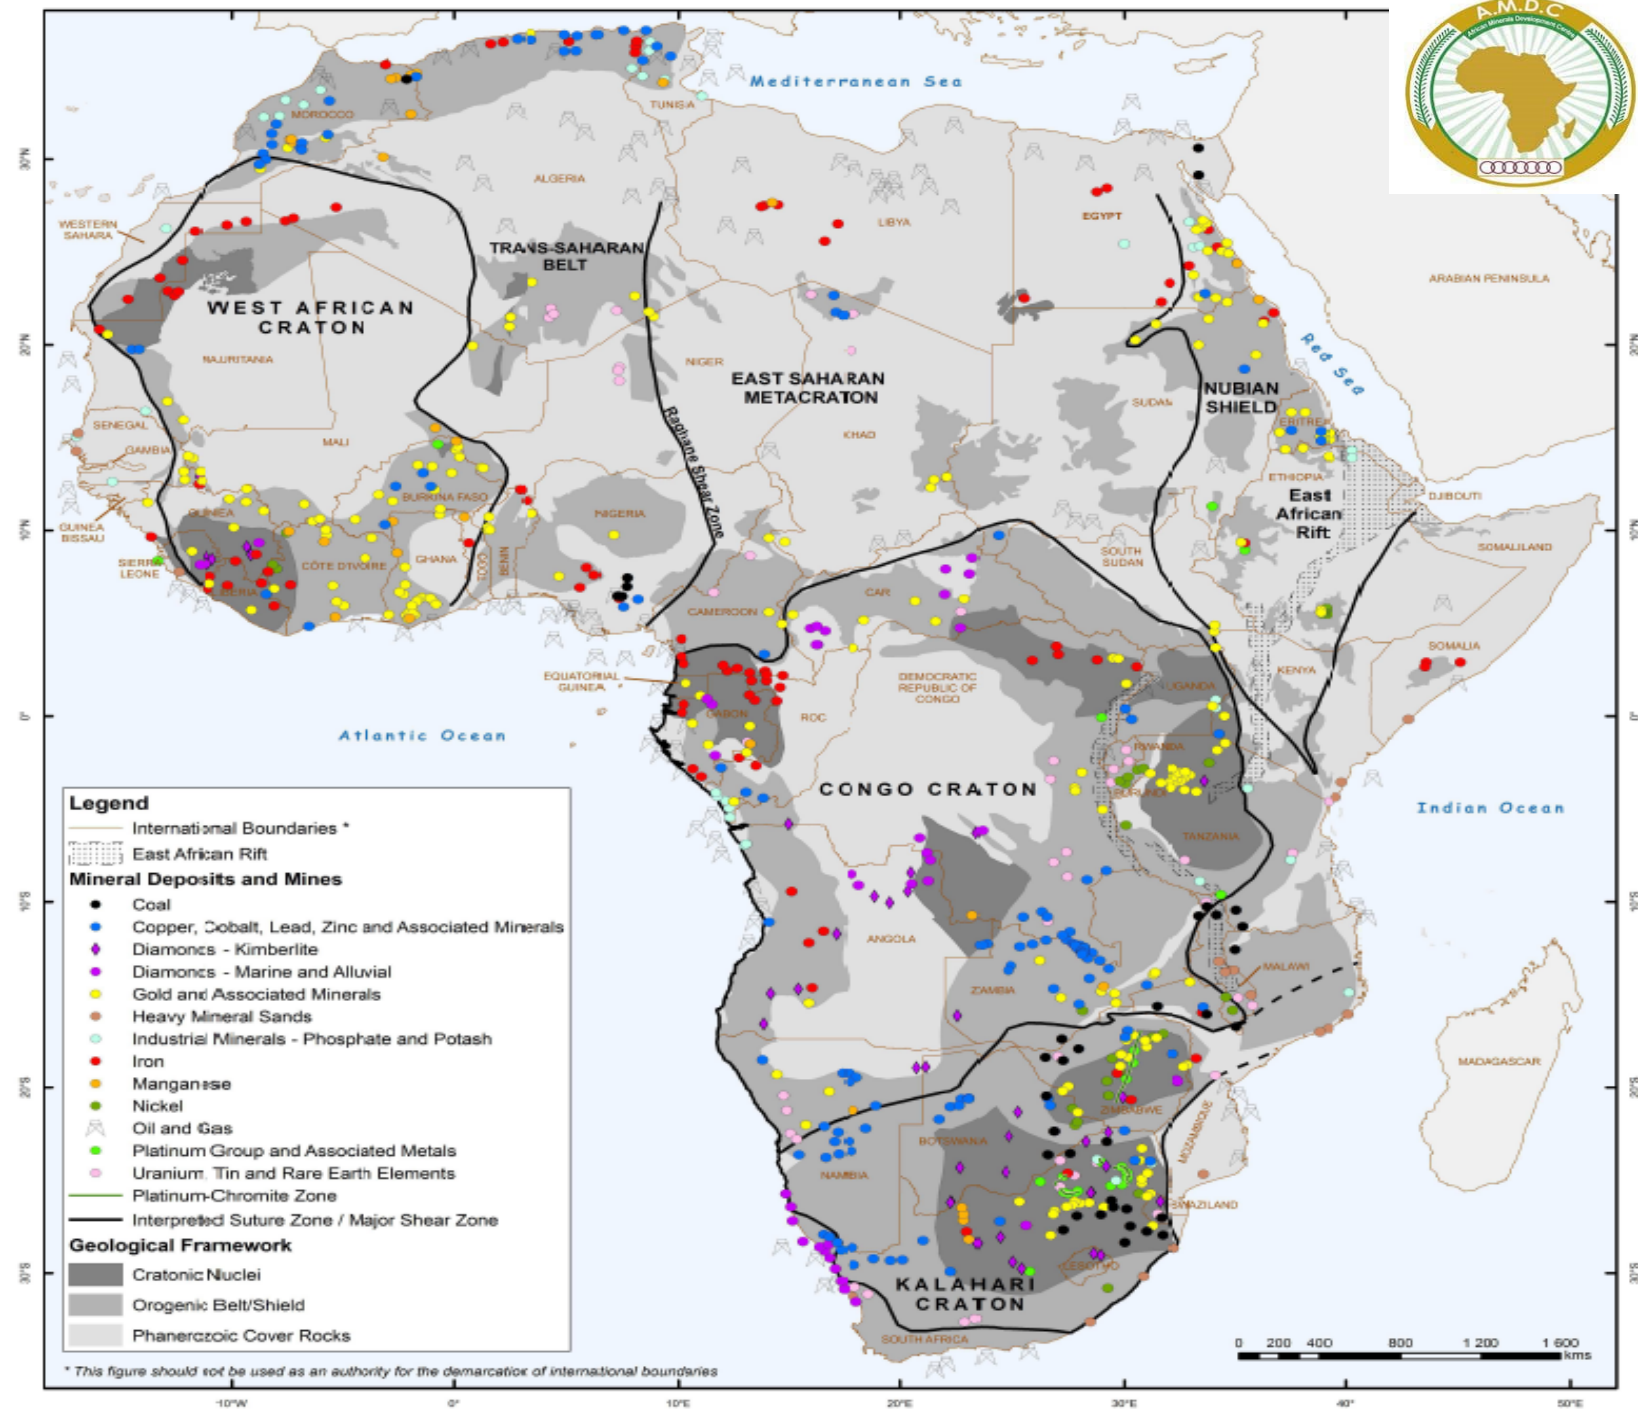

# African Union Initiatives

# Africa Mining Vision - AMV

The focus is Africa Mineral Resources Development

# Africa Mining Vision - AMV

- **Goal:** “Transparent, equitable and optimal exploitation of mineral resources to underpin ” **broad-based sustainable growth and socio-economic development**
- A knowledge-driven African mining sector that catalyzes & contributes to the **broad-based growth** & development of, and is fully integrated into, a single African market.
- Action Plan (2011): under review

# Africa Mining Vision – AMV Linkages

- **Down-stream linkages** into mineral beneficiation and manufacturing;
- **Up-stream linkages** into mining capital goods, consumables & services industries;
- **Side-stream linkages** into infrastructure (power, logistics; communications, water) and skills & technology development (HRD and R&D);
- Mutually **beneficial partnerships** between the state, the private sector, civil society, local communities and other stakeholders; and
- A comprehensive **knowledge** of its mineral endowment.

# Africa Mining Vision - AMV

- A **sustainable and well-governed minerals sector** that effectively garners and deploys resource rents and that is safe, healthy, gender & ethnically inclusive, **environmentally friendly, socially responsible** and appreciated by surrounding communities;
- A minerals sector that has become a key component of a **diversified, vibrant and globally competitive industrializing** African economy;
- A minerals sector that has helped **establish a competitive African infrastructure platform**, through the **maximization of its propulsive local & regional economic linkages**;

# Africa Mining Vision - AMV

- A minerals sector that optimizes and husband Africa's **finite mineral resource endowments** and that is diversified, incorporating **both high value metals and lower value industrial minerals** at both commercial and small-scale levels;
- A minerals sector **that harness the potential of artisanal and small-scale mining** to stimulate local/national entrepreneurship, improve livelihoods and advance integrated rural social and economic development; and
- A minerals sector that is a major player in vibrant and **competitive national, continental and international capital and commodity markets.**
