\* In accordance with the programme of work of the Inland Transport Committee for 2023 as outlined in proposed programme budget for 2023 (A/77/6 (Sect. 20), table 20.6), the World Forum will develop, harmonize and update UN Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

1. Japan, as a Contracting Party to the 1998 Global Agreement, administered by the World Forum for Harmonization of Vehicle Regulations (WP.29), is requesting that the following technical regulation listed in the Compendium of Candidates Global Technical Regulations be extended for a period of 5 additional years:

Listing Number 15 – Japan’s Real Driving Emissions (RDE) Methodology.

2. Reference is made in this respect to Article 5. paragraph 5.3.2. of the 1998 Agreement, which reads as follows:

"5.3.2. at the end of the 5-year period following the regulation’s listing under this Article, and at the end of each subsequent 5 year period, unless the Executive Committee reaffirms, by an affirmative vote in accordance with paragraph 7.1. of Article 7 of Annex B, the listing of the technical regulation in the Compendium of Candidates"

3. The voting shall follow the procedure of Article 7 of Annex B to the Agreement, which reads as follows:

"7.1. A national or regional regulation shall be listed in the Compendium of Candidates by an affirmative vote of either at least one-third of the total number of votes cast, whichever is more favourable to achieving an affirmative vote. In either case, the one-third shall include the vote of either the European Union, Japan or the United States of America, if any of them are Contracting Parties."
