The text reproduced below was prepared by the expert from International Organization of Motor Vehicle Manufacturers (OICA) to align the reference to UN Regulation No.10 (Electromagnetic compatibility). The modifications to the current text of the UN Regulation are marked in bold for new or strikethrough for deleted characters.

* In accordance with the programme of work of the Inland Transport Committee for 2023 as outlined in proposed programme budget for 2023 (A/77/6 (Sect. 20), table 20.6), the World Forum will develop, harmonize and update UN Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.
