

# Subregional workshop on mine tailings safety and the prevention of accidental water pollution in Central Asia

#### 25-26 May 2023, Dushanbe, Tajikistan and online

#### Main objectives:

- Strengthen transboundary cooperation and dialogue among Central Asian countries in the area of tailings safety and prevention of accidental water pollution
- Foster understanding of disaster risks, vulnerabilities and exposure, including ways to mitigate these, both at the technical and political levels
- Present the achievements of Central Asian countries in strengthening industrial safety and preventing accidental pollution from tailings facilities at the national and regional levels
- Share information on UNECE guidelines, tools and projects, as well as those of partner organizations, and experiences in their application
- Provide a platform for exchanging experiences, good practices and lessons learned, bringing together the relevant stakeholders and partners from industrial safety and water communities
- Strengthen implementation of and accession to the Industrial Accidents and Water Conventions and promote benefits of implementation of other UNECE Multilateral Environmental Agreements
- Review recommendations arising from UNECE regional projects, discuss challenges and needs, and identify ways to address them and to strengthen national and transboundary governance of risks.

**Venue:** The Rumi Hotel, 10 Mirzo Tursunzoda St., Dushanbe, Tajikistan; online participants will connect through ZOOM (the link will be provided to registered participants closer to the meeting)

**Languages:** Russian and English (with simultaneous interpretation)

**Beneficiary countries:** Central Asian and neighbouring countries

**Organizers:** United Nations Economic Commission for Europe (UNECE) Convention on the Transboundary Effects of Industrial Accidents and GIZ (Deutsche Gesellschaft für Internationale Zusammenarbeit), in cooperation with the Service for State Supervision over the Safe Conduct of Work in Industry and Mining Supervision under the Government of Tajikistan, and with financial support from the Swiss Federal Office for the Environment, GIZ, OSCE and the United Nations Regular Programme of Technical Cooperation.

08:30-09:00

09:00-09:20

Mr. Rachim Sanjat Asso, Chairman, State Supervision of Safe Work

#### **Draft agenda**

#### **DAY 1 – Thursday, 25 May 2023**

(times indicated below refer to Dushanbe local time)

#### **OPENING AND SETTING THE SCENE**

Session Chair: Mr. Rachim Sanjat Asso, Chairman, State Supervision of Safe Work in Industry and Mining Supervision Service under the Government of the Republic of Tajikistan

Opening remarks and welcome speeches

Arrival (in-person) and connection (online) of participants

|                            | in Industry and Mining Supervision Service under the Government of<br>the Republic of Tajikistan   |
|----------------------------|--|
|                            | - Chairman of the Committee for Emergency Situations and Civil Defence Service under the Government of the Republic of Tajikistan (tbc)  |
|                            | <ul> <li>President of the National Academy of the Sciences of Tajikistan (tbc)</li> <li>Mr. Martin Franz Langer, Permanent Representative of the Federal Republic of Germany in the Republic of Tajikistan</li> </ul>  |
|                            | <ul> <li>Ms. Laura Platchkov, Senior Policy Advisor, Federal Office for the<br/>Environment (FOEN), Switzerland (online)</li> </ul>  |
|                            | - Mr. Mulugeta Zewdie, UNHCR Representative and United Nations<br>Resident Coordinator ad interim in Tajikistan  |
| 09:20-09:35                | Key risks from tailings and UNECE's tools on strengthening mine  |
|                            | tailings safety and proventing accidental pollution  |
|                            | tailings safety and preventing accidental pollution  - Mr. Pavel Danihelka, Professor, Head of the Department of Risk Research and Management, Occupational Safety Research Institute Ostrava, Czechia, member of the Joint Expert Group on Water and Industrial Accidents |
| 09:35-09:45                | - Mr. Pavel Danihelka, Professor, Head of the Department of Risk<br>Research and Management, Occupational Safety Research Institute<br>Ostrava, Czechia, member of the Joint Expert Group on Water and   |
| 09:35-09:45<br>09:45-10:00 | - Mr. Pavel Danihelka, Professor, Head of the Department of Risk<br>Research and Management, Occupational Safety Research Institute<br>Ostrava, Czechia, member of the Joint Expert Group on Water and<br>Industrial Accidents   |

# SESSION 1 – HIGH-LEVEL PANEL DISCUSSION ON KEY RISKS AND CHALLENGES IN THE SAFE MANAGEMENT OF TAILINGS FACILITIES AND THE PREVENTION OF ACCIDENTAL WATER POLLUTION IN CENTRAL ASIA

Session Chair: Ms. Sarangoo Radnaaragchaa, Regional Adviser on Environment, UNECE

#### 10:00-11:05 High-level panel, comprised of:

- Ms. Sharifa Khudobakhsh, Deputy Minister of Energy and Water Resources of the Republic of Tajikistan
- Mr. Mereke Pshembaev, Vice Minister for Emergency Situations of the Republic of Kazakhstan

Federal Office for the Environment FOEN

- Mr. Galidulla Azidullin, Vice Minister of Ecology and Natural Resources of the Republic of Kazakhstan (tbc)
- Deputy Minister of Emergency Situations of the Republic of Uzbekistan (tbc)
- Mr. Abdulkodir Mavlododod Deputy Chairman of the Committee for Environmental Protection under the Government of the Republic of Tajikistan
- Mr. Serik Aubakirov, Director of the Center for Emergency Situations and Disaster Risk Reduction (CESDRR) (online)
- Mr. Serik Akhmetov, Deputy Director, International Water Assessment Center (IWAC), member of the Joint Expert Group on Water and Industrial Accidents

Panelists will be asked to share in no more than 5 min their views on:

- 1) Key challenges on tailings safety and preventing related accidental pollution in their country and transboundary context;
- 2) Actions they plan or recommend to take, to overcome the challenges, strengthen transboundary cooperation and implement the UNECE decision (2020) and road map (2022) on tailings safety; and
- 3) Support that UNECE or other organizations can provide in this regard.

11:05-11:35

Coffee/tea break

## SESSION 2 – SHARING APPROACHES ON IMPROVING THE UNDERSTANDING AND GOVERNANCE OF MINE TAILINGS IN CENTRAL ASIA AND BEYOND

Session Chair: Mr. Ravshan Fazyev, Director of the Centre for Specialized Analytical Control of the Ministry of Natural Resources of Uzbekistan (tbc)

| 11 | :35-1 | 1:50 |
|----|-------|------|
|    |       |      |

Establishment and achievements of the Inter-institutional working group on tailings safety and prevention of accidental water pollution in Kazakhstan

Joint presentation:

- Mr. Musa Tanabaev, Deputy Chairman of the Industrial Safety Committee of the Ministry of Emergency Situations of Kazakhstan
- Mr. Ermek Umarov, Deputy Chairman of the Committee for Environmental Regulation and Control of the Ministry of Ecology and Natural Resources of the Republic of Kazakhstan

11:50-12:05

Onsite training and Inter-institutional working group on tailings safety and prevention of accidental water pollution in Tajikistan

- Mr. Firdavs Sharipov, Junior specialist the State Supervision of Safe Work in Industry and Mining Supervision Service under the Government of the Republic of Tajikistan

12:05-12:10

A&Q

12:10-12:25

TMF mapping and Inter-institutional working group on tailings safety and prevention of accidental water pollution in Uzbekistan

- Mr. Boburjon Makhmudov, Chief specialist, International Cooperation and Projects Department, Ministry of Natural Resources of the Republic of Uzbekistan (tbc)

Federal Office for the Environment FOEN

| 12:25-12:40 | Rio Tinto's Approach to Safe Tailings Management & Governance - Ms. Marnie Pascoe, Chief Advisor, Major Hazards Surface Mining Centre of Excellence, Rio Tinto, Australia (online) |
|-------------|--|
| 12:40-12:45 | Q&A  |
| 12:45-13:00 | Group picture  |
| 13:00-14:15 | Lunch  |

# SESSION 3 – PREVENTION OF AND RESPONSE TO ACCIDENTAL WATER POLLUTION IN THE DANUBE, DNIESTER AND SYR DARYA RIVER BASINS

Session Chair: Mr. Serik Akhmetov, Deputy Director of the International Water Assessment Centre, member of the Joint Expert Group on Water and Industrial Accidents

| 14:15-14:30 | <ul> <li>Mapping and integration of tailings risks in the Danube River Basin Management Plan</li> <li>Mr. Adam Kovacs, Technical expert – Pollution Control, International Commission on the Protection of the Danube River (ICPDR), JEG observer (online)</li> </ul>   |
|-------------|---|
| 14:30-14:45 | Inventory and mapping of tailings management facilities in the Syr Darya River Basin – Overview of key hazards and risks  Joint presentation by:  - Mr. Dmitry Rudakov, Consultant to the UNECE Industrial Accidents  Convention (online)  - Ms. Oleksandra Riedl, Consultant to the UNECE Industrial Accidents  Convention (online)  |
| 14:45-14:50 | Q&A   |
| 14:50-15:05 | Key findings and recommendations from the UNECE-EU Project on Joint Measures to Prevent and Respond to Pollution of the Syr Darya River in Emergency Situations  - Mr. Golib Shukurov, Chief Specialist of the Department for Water, Land and Subsoil Protection, Ministry of Natural Resources, Uzbekistan (tbc)   |
| 15:05-15:20 | Transboundary Cooperation on preventing accidental water pollution from mine tailings facilities in the Dniester River Basin  - Ms. Iryna Nikolaieva, Environmental Consultant to the Dutch organization PAX and OSCE Project Co-ordinator in Ukraine   |
| 15:20-15:25 | Q&A   |
| 15:25-15:45 | Round-table discussion on strengthening joint contingency planning in the Syr Darya River Basin  Moderated by the Session Chair  - Mr. Mavlon Hokimalizoda, Member of EC IFAS, representative of the Republic of Tajikistan  - Mr. Erbol Elekeev, Head of the Occupational Health and Safety Sector of Samruk-Kazyna, Kazakhstan  - Ms. Asel Seitkazieva, Deputy Director of the Department of Tailings Management under the Ministry of Emergency Situations of the Republic of Kyrgyzstan (tbc, online) |

- Mr. Ravshan Fazyev, Director of the Centre for Specialized Analytical Control of the Ministry of Natural Resources of Uzbekistan

The participants of the round-table discussion will be asked to share in 2-3 minutes their views on the following questions:

- 1) What measures should the riparian countries of the Syr Darya River Basin take to implement the recommendations?
- 2) How can the countries of Central Asia benefit from the intersectoral synergies to address the needs of the riparian countries?

Other workshop participants are encouraged to ask questions, make proposals and share their views on the above questions and other information provided in this session.

15:45-16:15 Coffee/tea break

# SESSION 4 – NEEDS AND THE WAY FORWARD ON PREVENTING ACCIDENTAL WATER POLLUTION FROM TAILINGS IN CENTRAL ASIA

Session Chair: Ms. Caroline Milow, Program Manager, GIZ

#### 16:15-16:30 Introduction to group work

Ms. Caroline Milow, Program Manager, GIZ

#### 16:30-17:15 Group work

Participants will be split in 5 groups (operators, authorities, academia, NGOs and international/governmental organizations), each led by a facilitator. Participants should join that group that they belong to or feel closest to, while they may also join any group of their interest. In the groups, the participants will be asked to share their views on the following questions:

- 1) What are, in your opinion, the most pressing challenges and needs related to tailings safety and preventing accidental water pollution in Central Asia?
- 2) Which are, in your opinion, the most important measures or actions that should be taken and by whom to address the above challenges and needs?3) How can your authority/organization help address these challenges and needs?

#### Group 1 – Operators (Russian-speaking):

- Facilitator: Mr. Bobokhon Bobokhonov, Advisor to the General Director, Zarafshon Metallurgical Plant LLC

#### Group 2 – Authorities (Russian-speaking):

- Facilitator: Mr. Ardasher Mirzozoda, First Deputy Chairman of the Service of the State Supervision of Safe Work in Industry and Mining Supervision under the Government of the Republic of Tajikistan

Group 3 – Academia, NGOs and international/governmental organizations (English-speaking):

- Facilitator: Mr. Brendan Duprey, Director, Sustainable Kazakhstan Research Institute, Associate Professor, Sustainable Development, Narxoz University

# Group 4 – Academia, NGOs and international/governmental organizations (Russian speaking):

- Facilitator: Mr. Ilhom Gulamjanov, Regional Programme Manager, ACTED (Tajikistan)

# Group 5 – Online Participants (with simultaneous interpretation in English and Russian)

 Facilitator: Mr. Daurbek Sakyev, Director, Monitoring and Forecasting Department, Ministry of Emergency Situations of Kyrgyzstan

#### 17:15-18:00 Presentation and discussion of the results of the practical exercise

1 representative per group (5 min), followed by a discussion

| 18:00 | Wrap-up and closure of day 1  |
|-------|---|
| 20:00 | Official Dinner organized by the State Supervision of Safe Work in  |
|       | Industry and Mining Supervision Service under the Government of the |
|       | Republic of Tajikistan for all participants (venue tbd)             |

#### **DAY 2 – Friday, 26 May 2023**

(times indicated below refer to Dushanbe local time)

# SESSION 5 – INCREASING ACCESSION TO AND IMPLEMENTATION OF THE INDUSTRIAL ACCIDENTS CONVENTION AND OTHER UNECE MULTILATERAL ENVIRONMENTAL AGREEMENTS

Session Chair: Ms. Claudia Kamke, Environmental Affairs Officer, UNECE Industrial Accidents Convention

| 09:00-09:15 | Benefits of accession and main requirements of the UNECE Industrial Accidents Convention  - Ms. Ksenia Nechunaeva, Environmental Affairs Consultant, Industrial Accidents Convention, UNECE  |
|-------------|--|
| 09:15-09:30 | Experience by Kazakhstan in implementing the UNECE Industrial Accidents Convention  - Mr. Akzan Shiranov, Director of the Department of Environmental Policy and Sustainable Development, Ministry of Ecology and Natural Resources of Kazakhstan (tbc)                          |
| 09:30-09:35 | Q&A  |
| 09:35-09:45 | Steps taken by Tajikistan to prepare for accession to the UNECE Industrial Accidents Convention  - Mr. Ardasher Mirzozoda, First Deputy Chairman of State Supervision of Safe Work in Industry and Mining Supervision Service under the Government of the Republic of Tajikistan |

10:15-10:30

| 09:45-09:55 | Uzbekistan's accession efforts and Concept on Environmental Protection until 2030  - Deputy Minister of Emergency Situations of the Republic of Uzbekistan (tbc) |
|-------------|--|
| 09:55-10:05 | Q&A Statements by other countries  |
| 10:05-10:15 | Other UNECE MEAs and benefits of their implementation - Ms. Sarangoo Radnaaragchaa, Regional Adviser on Environment, UNECE                                       |

#### SESSION 6 – EXAMPLES OF INTEGRATING RISKS AND APPLYING A MULTI-HAZARD/RISK APPROACH IN CENTRAL ASIA AND BEYOND

Session Chair: Mr. Dilshod Kodirov, National Officer in Tajikistan, UNDRR Regional Office for Europe and Central Asia

Green Central Asia: Enhancing regional dialogue on climate,

|             | environment and security  Ms. Caroline Milow, Programme Manager, Green Central Asia, GIZ   |
|-------------|--|
| 10:30-10:45 | Integrating industrial/tailings risks into national DRR strategies and plans of Kyrgyzstan and Tajikistan Joint presentation by:  - Mr. Daurbek Sakyev, Director, Monitoring and Forecasting Department, Ministry of Emergency Situations of Kyrgyzstan (online)  - Mr. Ilhom Gulamjanov, Regional Programme Manager, ACTED (Tajikistan) |
| 10:45-10:50 | Q&A  |
| 10:50-11:05 | Integration of multi-hazard risk management into Volta River basin<br>Management Plans   |
|             | - Mr. Joachim Ayiiwe Abungba, PhD, Principal Basin Officer and Head of the Black Volta Basin at the Water Resources Commission, Ghana (online)   |
| 11:05-11:15 | Q&A Statements by other participants   |
| 11:15-11:45 | Coffee/tea break   |

### SESSION 7 – LESSONS LEARNT FROM PAST TAILINGS ACCIDENTS IN THE UNECE REGION

Session Chair: Mr. Pavel Danihelka, Professor, Head of the Department of Risk Research and Management, Occupational Safety Research Institute Ostrava, Czechia, member of the Joint Expert Group on Water and Industrial Accidents

| 11:45-12:00 | Lessons learnt from the tailings dam failures at Baia Mare and Baia Borsa, Romania, in 2000   |
|-------------|---|
|             | - Mr. Zoltán Török, Associate Professor PhD; Research Institute for Sustainability and Disaster Management, Babes-Bolyai University, Romania; member of the Joint Expert Group on Water and Industrial Accidents (online) |

| 12:00-12:15 | Lessons learnt from the tailings dam failure at Kolontar, Hungary, in 2010  - Mr. Peter Kovács, Head of River Basin Management and Water Protection Department, Ministry of Interior, Hungary, Co-chair of the Joint Expert Group on Water and Industrial Accidents (online) |
|-------------|--|
| 12:15-12:30 | Turkmenistan's experience on strengthening mine tailings safety and preventing accidental pollution from tailings: challenges, lessons learnt from past accidents and next steps  - Representative from Turkmenistan   |
| 12:30-12:40 | Q&A  |

#### SESSION 8 – FURTHER GUIDELINES, APPROACHES AND TOOLS TO IMPROVE TAILINGS SAFETY AND THE PREVENTION OR MITIGATION OF ACCIDENTAL WATER POLLUTION

Session Chair: Ms. Iryna Nikolaieva, Environmental Consultant to the Dutch organization PAX and OSCE Project Co-ordinator in Ukraine

| 12:40-12:55 | GRID Geneva – Vale's experience on processing tailings sand and potential to do the same in Central Asia  Joint presentation by:  - Mr. Arnaud Vander Velpen, GRID-Geneva, University of Geneva (online)  - Mr. Emile Scheepers, Vale's Manager – Customer Service Solutions (Atlantic) (online) |
|-------------|--|
| 12:55-13:10 | ICOLD Bulletin 194 on Tailings Dam Safety with a focus on Design Principles  - Ms. Annika Bjelkevik, Technical Director at Tailings Consultants Scandinavia AB, International Commission on Large Dams (online)  |
| 13:10-13:15 | Q&A  |
| 13:15-13:30 | Satellite-based risk assessments and monitoring - Mr. Reijo Pold, Founder of Value. Space (online)   |
| 13:30–13:45 | Implementation of nature-based solutions to mitigate pollution from tailings management facilities in Central Asia  - Mr. Brendan Duprey, Director of the Sustainable Kazakhstan Research Institute, Associate Professor on Sustainable Development at the Narxoz University                     |
| 13:45-13:50 | Q&A  |

Federal Office for the Environment FOEN

#### **CLOSING SESSION**

Session Chair: Mr. Ardasher Mirzozoda, First Deputy Chairman of the State Supervision of Safe Work in Industry and Mining Supervision Service under the Government of the Republic of Tajikistan

| 13:50-14:00 | <ul> <li>Wrap up and conclusions</li> <li>Ms. Sarangoo Radnaaragchaa, Regional Adviser on Environment, UNECE</li> <li>Ms. Caroline Milow, Program Manager, GIZ</li> <li>Session Chair</li> </ul>                                    |
|-------------|---|
| 14:00-15:00 | Light lunch   |
| 15:00-18:00 | Cultural event (optional, for the participants who are not departing immediately after the workshop), organized by the State Supervision of Safe Work in Industry and Mining Supervision Service under the Government of Tajikistan |
