

LUCY HE

TECHNICAL OFFICER

WORKSAFE NEW ZEALAND

SPEAKER BIOGRAPHY

Lucy He is a Technical Officer in WorkSafe New Zealand who is the New Zealand government's regulator of electricity and gas safety specialising in accreditation, certification, standards development, product safety and market surveillance.

She has background as an electrical engineer in the Chinese product safety regulatory agency, and also in legal metrology in New Zealand. Her diverse experience also includes participating in the development of New Zealand – China Free Trade Agreement, and participation in a number of New Zealand - Australian standards committees.

She has experience in the application of New Zealand's electrical product risk assessment engine used for the determination of regulatory intervention levels.

Second WP.6 Forum GRS annual meeting

Return on experiences and
challenges in implementing
gender action plans for
standards development
