

Item 4.

Ongoing activities of the Team and the Secretariat

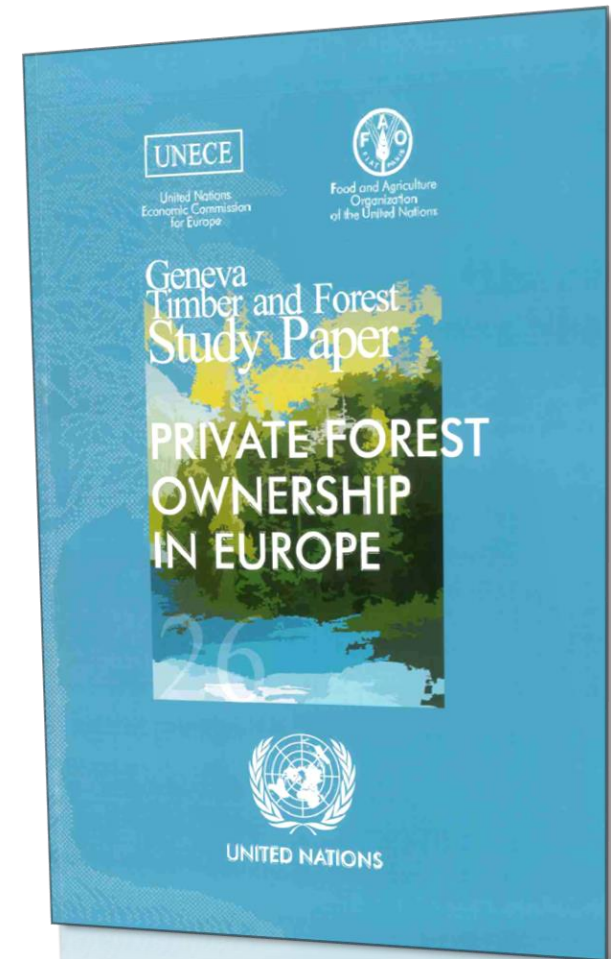

c. Forest ownership reporting

Roman Michalak,
Joint UNECE/FAO Forestry and Timber Section

Forest ownership in the ECE region

- **2005**
 - Data collection and study.
 - Covering private forest ownership in Europe.
- **Joint enquiry by,**
 - UNECE/FAO;
 - Ministerial Conference on the Protection of Forests in Europe (MCPFE), now Forest Europe;
 - Confederation of European Forest Owners (CEPF).
- **Publication based on data of 23 ECE countries**
 - Provided the first insight into private forest ownership in Europe.

Forest ownership in the ECE region

- **2015**

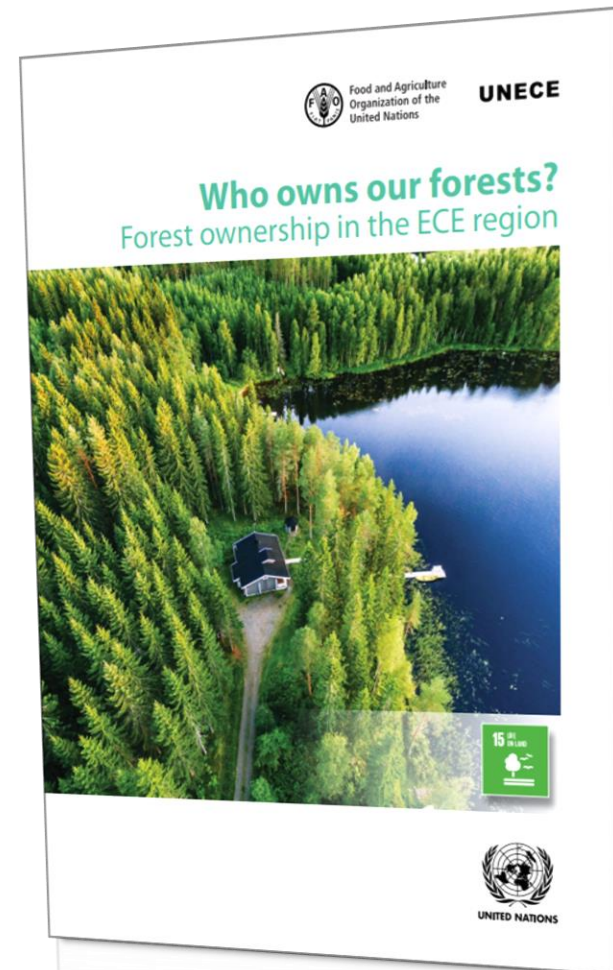

- Data collection and study
- Prepared in cooperation with COST Action FACESMAP (Forest Land Ownership Change in Europe: Significance for Management and Policy).

- **Supported by**

- European State Forest Association (EUSTAFOR) and the European Federation of Forest -Owning Communities (FECOF).

- **Publication based on data of 35 ECE countries**

- Provided a new baseline for understanding the diversity and dynamics of forest ownership in the ECE region.

Forest ownership reporting - 3rd cycle

- **Based on positive results of the 2nd reporting cycle, the Team concluded a continuation of forest ownership reporting in the ECE-region.**
- **Due to the subject of reporting, the Team considered collection of forest ownership data every 10 years.**
- **The previous data collection was in 2015. For continuation of this reporting, the next cycle should be implemented by 2025.**
- **2025 reporting should be preceded by the preparatory work including,**
 - learning from previous cycles;
 - learning about users needs;
 - reviewing the 2015 questionnaire;
 - setting-up the process;
 - mobilizing resources.

Thank you
