

Status Report of FRAV/VMAD Integration Group

United Nations Economic Commission for Europe (UNECE)

Working Party on Automated/Autonomous and Connected Vehicles (GRVA)

September 25-29, 2023

Palais des Nations

UNECE

FRAV/VMAD Integration Group Past and current activities

- The Integration Group was started, consisting of three working teams:
 1. Definitions (lead: John Creamer)
 2. Structure of deliverables (lead: Gil Amid)
 3. Matrix (to link safety requirements and validation pillars, lead: Pete Edwards)
- The proposed structure consists of 8 sections in total plus Annexes.
- After the second Integration Group meeting on 4 May, four additional sessions have taken place (31 May, 26/27 June, 26 July, 29 August).
- Sections 1-3 have been provided to FRAV and VMAD for comments, sections 4-8 are now being developed
- Future discussions of the sections are scheduled for FRAV and VMAD participants together

FRAV/VMAD Integration Group Future activities

Next meetings of the Integration Group:

- 9 October (Virtual)
- 27-28 November open to FRAV-VMAD participants (virtual to be confirmed)
- December (Hybrid, Tokyo);
 - 12 December open to FRAV-VMAD participants
 - 15 December open to FRAV-VMAD participants

Thank you!
