To the Director of Legal Affairs Dr. Andrea Pacchiarotti  
Province of Pesaro Urbino

Sant'Angelo in Vado 01.04.2023

Subject: Sant'Angelo in Vado agri-voltaic plant Jwvi Development 04 s.r.l. environmental information pursuant to Legislative Decree 195/2005.

We have forwarded our request pursuant to Law 108/2001 and Legislative Decree 195/2005 on 02.02.2023.

To date we have not yet received any response regarding our request for environmental information relating to the application of the rules that refer to the participation of citizens in environmental proceedings.

In particular, with regard to the installation of the agri-voltaic system in the municipality of Sant'Angelo in Vado, albeit in relation to the request for non-subjectibility to the Environmental Impact Assessment, we have found the failure to comply with the above standards and therefore the lack of public involvement before the end of the proceeding and the non-involvement of the neighboring direct interested parties.

We also understand the non-publication of all the required documents.

We look forward to your response in this regard.

In the event that your silence persists within and no later than 15 days, we will contact another authority.

Best regards
