

18th meeting of the Working Group on Monitoring and Assessment
under the Water Convention, 17 - 18 October 2023

Item 4. Recent developments and processes related to monitoring, assessment and data- sharing at the global level

Ms. Sonja Koeppel
Secretary of the Water Convention, UNECE

Main achievements related to transboundary water cooperation and the Water Convention resulting from the **UN Water Conference**

- More than **40 commitments on transboundary cooperation** submitted to the Water Action Agenda, several refer to improvement of data collection/ sharing
- **9 commitments referred to support to or accession to the Water Convention**
- Commitment submitted by Water Convention Chair, Vice-Chairs, Lead Parties and Secretariat on:
Accelerating transboundary water cooperation through increased accession to and strengthened implementation of the Water Convention
 - Among deliverables: By 2030, the Water Convention supports at least 10 transboundary basins in improving cooperation through the application of its existing tools and **develops at least 5 new tools to further support transboundary cooperation.**
- Joint statement by the **transboundary water cooperation coalition**, read out by the President of Slovenia

Main achievements related to transboundary water cooperation and the Water Convention resulting from the **UN Water Conference**

- **2 new countries** acceded to the Water Convention during the UN Water Conference: **Nigeria** and **Iraq**
- **10 other countries** expressed their willingness to accede, e.g. at a dedicated side event on the Convention with 11 ministers
- **UN Secretary-General urged countries to accede to the Water Convention**, the President of UN General Assembly and the UN-Water Chair also referred to the Convention
- The Water Convention secretariat supported the **interactive dialogue 4 "Water for Cooperation"** (by drafting, with UNESCO, the concept note); the UNECE Executive Secretary spoke at the dialogue as panellist
- High **visibility for transboundary water cooperation** (more than 70 countries mentioned it in plenary statements) and the importance of the Water Convention (nearly 20 mentions)

Water Convention Secretariat during the High-level Political Forum (10-19 July 2023)

- SDG 6 was under review in 2023: **SDG 6 and interlinkages with other SDGs** (11 July 2023)
- **Water Action Agenda Special Event** (17 July 2023)
 - Treaty ceremony for new Parties - **The Gambia** acceded to the Water Convention
- Side event: **Water-Food-Energy Nexus** amid Climate Change in the UNECE Region, organizer: UNECE (13 July 2023)
- **Side event:** Fostering Transboundary Water Cooperation: Unlocking Multifaceted Benefits for Sustainable Development and Peace, lead organizer: **Switzerland** (12 July 2023)
- **Side event:** The Paradox of Climate Change: Spoiler or Driver of Transboundary Water Cooperation?, lead organizer: **Slovenia** (18 July 2023)

Plans of the Water Convention Secretariat at the 28th Conference of the Parties of the UNFCCC (COP 28)

(Dubai, 30 November to 12 December 2023)

- Overall aim: **Promote benefits of transboundary cooperation for adaptation (incl. tools of the Water Convention)**
- **High-level presidency event:** Water for the clean energy transition and climate change mitigation (5 December) (lead: WMO, UAE, UNECE co-organizer)
- **Thematic Day 7 on Peace, Security and Health** (6 December, Water Pavilion)
 - Climate financing for transboundary water cooperation (organizer)
 - Water education for peace
 - High-level panel on health and peace (contributor)
- **Food, Agriculture and Water Day** (10 December)
 - Restoring and conserving wetlands as a tool to reduce water scarcity in transboundary basins (side event)
 - COP28 Presidency Event on Water Risks & Resilience (UNECE co-organizer)

We encourage you all to mention transboundary water cooperation and the Convention in your national statements, side events etc.

Plans for 2024

- **World Water Day 2024** (22 March 2024) focused on “*Leveraging water for peace*”. Main pivot event with launch of the UN World Water Development Report (WWDR) in Paris, other events in Geneva and New York
- **World Water Week 2024** (Stockholm, 20-24 August 2024) focused on “*Bridging Borders: Water for a Peaceful and Sustainable Future*”
- **High-level Political Forum on Sustainable Development (HLPF)**, (New York, 8-17 July 2024): Launch of the UN system-wide strategy on water
- **Summit of the Future** (New York, 22-23 September 2024)
- **10th session of the Meeting of the Parties to the Water Convention** (Ljubljana, Slovenia, 23-25 October 2024)

Thank you!
