SPEAKER BIOGRAPHY

Jan Deconinck, M. Sc. Eng. is the current Head of the Belgian Metrology Department - situated within the Belgian Federal Ministry for Economic Affairs,

Jan has been active in the area of National Quality Infrastructure (NQI) since 1996 as market surveillance officer, regulator, advisor, auditor, project leader and manager on all aspects including metrology, product safety, accreditation, standardisation and conformity assessment.

He became the senior advisor on consumer safety to the Belgian Deputy Prime Minister in 2003.

He has participated on a large number of NQI-projects in the following regions: Balkan, Turkey, Middle East, South East Asia, China, Japan and South America.

He is the current chair of UN-ECE Working party 6 – Advisory group on Market Surveillance (MARS) and the Belgian representative in the International Committee on Legal Metrology (CIML).

Jan holds a Master's degree in mechanical and electro-technical engineering from Brussels Free University (VUB-1988).
