

JACQUELYN MACCOON

ACCREDITATION SERVICES BRANCH

STANDARDS COUNCIL OF CANADA

SPEAKER BIOGRAPHY

Jacquelyn works as the Senior Project Manager for New Programs in the Accreditation Services Branch at the Standards Council of Canada. She leads accreditation program development in various areas, including Artificial Intelligence, Digital Credentials and Digital Trust Services. Her role includes integrating the needs of the Canadian economy as well as ensuring international interoperability.

In addition, Jacquelyn has a background in engineering and business, focusing on failure analysis and enterprise risk management. She holds a Bachelor of Applied Science (BASC) and Master of Engineering (MEng) in Materials Science and Engineering, along with a Master of Business Administration (MBA).

How to target continuous compliance

Conformity assessment,
legal metrology and market
surveillance tools for the
changing dynamic of digital
goods
