Dear Fiona,

Unfortunately, in connection with the International Climate Conference COP28, which is currently taking place in Dubai, the relevant representative of the Ministry will not be able to give a short oral update to the Committee during its open session at 11:00-11:30 CET next Tuesday.

At the same time, on behalf of The Ministry of Environmental Protection and Natural Resources of Ukraine we would like to express our respect and gratitude for support and understanding of the extraordinary circumstances of the ongoing military invasion of Ukraine by the Russian Federation.

In the attachment, we add a short update on the state of implementation of the decision VII/8r concerning Ukraine before the start of the Committee's meeting.

Best regards,

Kateryna Luchko
