**Subject:** RE: Decision VII/8i (Ireland) - comments on Party concerned's first progress report

Dear Fiona

With apologies for the late submission, but this document was only published today and it is highly relevant to the issue of Ireland's progress towards implementation of decision VII/8i.

This is the Commissioner for Environmental Information's comments on the public consultation on draft regulations implementing the information provisions of the Convention and related access to justice provisions. In particular paragraphs 4 to 20 deal with the Commissioner's comments on the provisions relating to providing a timely appeal.

I hope that this can be added to file on this matter.

Many thanks

Fred
