

# JIN CUI

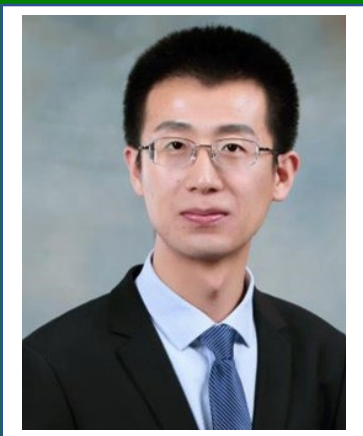

## JUNIOR PROFESSIONAL OFFICER

## INTERNATIONAL TELECOMMUNICATION UNION

### SPEAKER BIOGRAPHY

Jin Cui is a Junior Professional Officer at the International Telecommunication Union (ITU), focusing on research on emerging technologies, especially Artificial Intelligence (AI). He has led work on the development and analysis of the United Nations Activities on AI report. He co-created the AI for Manufacturing Discovery Channel on the AI for Good platform. He is engaged with the CEB-HLCP Inter-Agency Working Group on AI (IAWG-AI) and AI for Good. He was an Assistant Professor at Beihang University (China) before joining ITU.

Jin Cui received his Ph.D. degree from Beihang University (China) in 2019 and his B.Eng. degree from Taiyuan University of Technology (China) in 2013, respectively. His research interests include Smart Manufacturing, Digital Twin, and Prognostic and Health Management (PHM). He has authored or co-authored more than 30 scientific articles in scholarly journals and conference proceedings in the above research areas.
