

## Decision 2023/4

### **Adoption of the document on co-mitigation of methane and ammonia emissions from agricultural sources**

*The Executive Body,*

*Recalling* the long-term strategy for the Convention for 2020–2030 and beyond,<sup>1</sup>

*Acknowledging* the conclusions of the review of the Protocol to Abate Acidification, Eutrophication and Ground-level Ozone, as amended in 2012,<sup>2</sup>

*Noting* the importance for policymakers to take into account the interactions between measures aimed at reducing ammonia and methane emissions from agricultural sources,

1. *Adopts* the document entitled Co-mitigation of methane and ammonia emissions from agricultural sources (ECE/EB.AIR/2023/5);
2. *Encourages* Parties to the Convention, as well as countries within and beyond the United Nations Economic Commission for Europe region, to use the document in order to reduce their methane and ammonia emissions from agricultural sources.
