# Report of the 17<sup>th</sup> workshop on UN R155 & 156

Presented at the 19<sup>th</sup> GRVA, May/June 2024

# Meetings

Since the 18th session of GRVA:

17<sup>th</sup> Workshop, held on web (25<sup>th</sup> April 2024)

# Points of discussion

## Reassert the principle of the workshop

The workshop provides a closed environment between parties related to type approval to discuss sensitive issues on UN R155/156 type approvals.

## Future activities and issues

Concerns have been raised in the workshop about the application of the administrative procedures imposed on authorities, specifically those under para. 5.3 in UN-R155, which are there to ensure alignment.

## How should future meetings be organized?

Looking for broader engagement and interactive communications between nations.

Holding in-person sessions would be preferable.

Coinciding workshop sessions with other meetings, for example a GRVA session, may be considered.
