

42nd UN/CEFACT Forum | 9 July 2024 | 16:00-17:30

Agenda | Session 7

ROOM III | PALAIS DES NATIONS | GENEVA

Single Window Domain

Regional Single Window Initiatives – discussing experiences and challenges

DESCRIPTION

This session will discuss regional Single Window initiatives, delving into the practicalities, experiences, and hurdles encountered during their implementation. Speakers will offer insights gleaned from successful case studies, showcasing strategies used to navigate and overcome implementation challenges. Their presentations will encompass discussions on technology, policy formulation, and effective stakeholder engagement. Attendees will get valuable perspectives on the pivotal role of regional collaboration in streamlining cross-border trade, anchored by real-world examples. Furthermore, updates on ongoing projects within the Single Window domain will be shared, alongside discussions on future initiatives.
