Economic Commission for Europe

Inland Transport Committee

Working Party on the Transport of Dangerous Goods

Joint Meeting of Experts on the Regulations annexed to the European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways (ADN) (ADN Safety Committee)

Forty-fourth session Geneva, 26-30 August 2024 Item 3 (e) of the provisional agenda Implementation of the European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways (ADN): matters related to classification societies

1.15.3.8 of ADN: Classification societies – Evidence of compliance with EN ISO/IEC 17020:2012

Transmitted by DNV SE*, **

Introduction

1. At its forty-third session the ADN Safety Committee requested the Recommended ADN Classification Societies to submit an official document with current evidence of certification in accordance with standard EN ISO/IEC 17020:2012 (except 8.1.3) for consideration at its next session.

2. The inland waterway activities of DNV follows the general maritime requirements as laid down in the International Association of Classification Societies (IACS) and several international and national requirements like International Maritime Organization (IMO) codes and conventions. All related activities including inland waterway business are subject to regularly third party audits performed by DEKRA, EMSA and flag State / coastal State administration.

3. The relevant certificates issued by our accredited certification body DEKRA are attached. DNV would like to emphasize that it looked through all relevant ISO/IEC 17020:2012 requirements and crosschecked that these are adequately covered in its quality system. This has been explicitly confirmed in the DEKRA lead auditors' statement (DEKRA Compliance Statement). This statement is supplemented by the cross reference table developed during DNV internal analysis.

^{*} Distributed in German by the Central Commission for the Navigation of the Rhine under the symbol CCNR-ZKR/ADN/WP.15/AC.2/2024/65.

^{**} A/78/6 (Sect. 20), table 20.5

4. DNV is convinced that the above explanation and attached documents should be sufficient evidence that the ISO/IEC 17020:2012 requirements are fully covered during its ADN activities.

Annex I

[English only]

Date of Revision: 2024-05-08

DNV Business Area Maritime Management System (DMS) with respect to Inland Navigation Vessels

DNV is in compliance with the IACS Quality System and Certification Scheme (QSCS) which is based, inter alia, on the ISO/IEC-17020:2012 and ISO-9001:2015 standards. The scope of the aforementioned certification includes the following cross-referenced procedures and the plan approval, survey and certification work carried out for Inland Waterway Vessels as part of the overall maritime services of DNV.

Signed: DEKRA Certification Lead Auditor
