**Commission économique pour l'Europe****Comité des transports intérieurs****Groupe de travail des transports de marchandises dangereuses****Réunion commune d'experts du Règlement annexé  
à l'Accord européen relatif au transport international  
des marchandises dangereuses par voies de navigation  
intérieures (ADN) (Comité de sécurité de l'ADN)****Quarante-quatrième session**

Genève, 26-30 août 2024

Point 3 e) de l'ordre du jour provisoire

**Mise en œuvre de l'Accord européen relatif au transport international  
des marchandises dangereuses par voies de navigation intérieures (ADN) :**  
**Questions relatives aux sociétés de classification****Respect des prescriptions du 1.15.3.8 de l'ADN****Communication de Lloyd's Register\* \*\*****Introduction**

1. À sa quarante-troisième session, le Comité de sécurité de l'ADN a demandé aux sociétés de classification ADN recommandées de démontrer qu'elles respectaient les prescriptions du 1.15.3.8. Cette demande figurait au paragraphe 23 du rapport de la session.
2. Lloyd's Register soumet le présent document, qui atteste du respect de ces prescriptions, au Comité de sécurité de l'ADN.
3. Le certificat ISO 9001 délivré à Lloyd's Register Group Ltd est joint en annexe au présent document. Il couvre les prestations de services de classification de bateaux, d'installations mobiles situées au large des côtes et de systèmes auxiliaires, tant pour les bateaux nouvellement construits que pour les bateaux en service, conformément aux prescriptions relatives au système de gestion de la qualité. Il couvre en outre le travail réglementaire mené par la société de classification pour le compte des administrations de l'État du pavillon qui l'ont désignée.
4. La British Standards Institution (BSI) est l'organisme de certification désigné par Lloyd's Register et accrédité par l'organisme national d'accréditation, à savoir le United Kingdom Accreditation Service (UKAS).

---

\* Diffusée en allemand par la Commission centrale pour la navigation du Rhin sous la cote CCNR-ZKR/ADN/WP.15/AC.2/2024/67.

\*\* A/78/6 (Sect. 20), tableau 20.5.

5. L'International Association of Classification Societies (IACS) émet chaque année une déclaration de conformité par laquelle elle confirme que Lloyd's Register respecte son programme de certification des systèmes de qualité (QSCS).

6. Le QSCS et les conditions à satisfaire reposent sur le Code régissant les organismes reconnus, la norme ISO 9001, la norme ISO 17020 et des prescriptions particulières de l'IACS. Dans sa déclaration de conformité, délivrée sur la base du programme d'audit annuel mené par la BSI, l'IACS confirme que Lloyd's Register respecte le QSCS et donc les prescriptions de la norme ISO 17020. La déclaration de conformité figure aussi en annexe.

7. Par les informations ci-dessus, LR atteste du fait qu'il a mis en œuvre et maintient un système efficace de gestion de la qualité fondé sur les aspects pertinents des normes de qualité internationalement reconnues et conforme aux normes EN ISO/IEC 17020:2012 et ISO 9001.

8. LR atteste également du fait que ce système est certifié par un corps indépendant de vérificateurs reconnus par l'administration de l'État dans lequel il est implanté.

9. Dans son système de gestion, LR a défini des prescriptions pour la navigation intérieure équivalentes à celles applicables à la navigation maritime, le cas échéant (par exemple règles, procédures d'enquête, compétences techniques).

Annexes : - Certificat de conformité délivré par la BSI (annexe I) ;  
- Déclaration annuelle de conformité délivrée par la BSI (annexe II).
