

UNECE Expert Forum for Producers and Users of Climate Change-Related Statistics
29-30 August 2024, Geneva, Switzerland, Palais des Nations, Room XXII

PROVISIONAL PROGRAMME

For all documents and bios of the speakers see the website: <https://unece.org/statistics/events/EFCCRS2024>

Time	Item
Thursday, 29 August 2024 (English – French – Russian)	
Session 1: Setting the scene	
Chair: Michele McMillan, Statistics Canada, Chair of the Steering Group	
09:30 - 09:40	Welcome and opening (Dmitry Mariyasin, UNECE Deputy Executive Secretary and Michele McMillan, Statistics Canada, Chair of the UNECE Steering Group)
09:40 - 09:45	Adoption of the agenda and other practical information (Michele McMillan, Statistics Canada, Steering Group Chair and Malgorzata Cwiek, UNECE)
09:45 - 11:10	<ul style="list-style-type: none"> • Report on the work of the Steering Group (Michele McMillan, Statistics Canada, Steering Group Chair) • Report on the work of UNECE Task Force on the role of NSOs in achieving national climate objectives (Otto Swertz, Statistics Netherlands, Chair of the Task Force) • Report on the work of the UNECE Task Force on measuring hazardous events and disasters (Angela Ferruzza, ISTAT, Chair of the Task Force) • Update about the work on measuring circular economy and outcomes of the 9th Joint OECD-UNECE Seminar on SEEA Implementation (Michael Nagy, UNECE) • Key developments related to COP28 and COP29 (Lornaliza Kogler, UNFCCC) • Informing climate change mitigation and adaptation using disaster data and statistics (Xuan Che, UNDRR) • Discussion
11:10 - 11:30	Break
Session 2: Institutional arrangements and the role of NSOs	
Session Chair: Arthur Denneman, Statistics Netherlands	
11:30 - 11:40	Session introduction (Arthur Denneman, Statistics Netherlands)
11:40 - 12:30	<ul style="list-style-type: none"> • Statistics Canada's institutional arrangements and roles related to environment and climate change statistics (Michele McMillan, Statistics Canada) • Coordination, governance and role of national statistical office on climate change statistics (Leidy Ventura, National Statistics Office of the Dominican Republic) • Discussion
12:30 - 14:30	Lunch break
14:30 - 15:45	<ul style="list-style-type: none"> • Implementation of climate change indicators (Aida Issabekova, Bureau of National Statistics of the Republic of Kazakhstan) • Developing official statistics for climate change decision making – best practices in the Kyrgyz Republic (Elena Doronina, National Statistical Committee of Kyrgyzstan) • Progress in the Implementation of the Road Map for the Development of Climate Change-related Statistics and standardizing climate change indicators for effective adaptation and disaster management (Naira Mandalyan, Statistical Committee of the Republic of Armenia) • The role of NSOs in activating climate change-related statistics for effective action: Insights from Africa and the Caribbean (Paz Patino, PARIS21) • Discussion
16:00 - 16:20	Break
16:20 - 17:30	<ul style="list-style-type: none"> • Strengthening national statistics capacity to track energy transitions: A guide to designing a national roadmap (Roberta Quadrelli, IEA) - WP.1

Time	Item
	<ul style="list-style-type: none"> • Measuring transformational change and institutional arrangements for climate finance reporting (Amanda Penistone, Department for Energy Security and Net Zero, United Kingdom) • Developing a monetary climate change mitigation account for Dutch government sector (Mark de Haan, Statistics Netherlands) • Discussion
19:30	Subscription dinner
Friday, 30 August 2024 (English – French – Russian)	
Session 3: Informing climate change adaptation	
Session Co-Chairs: Giovanna Tagliacozzo, ISTAT and Christiana Photiadou, EEA	
09:30 - 09:35	Session introduction (Giovanna Tagliacozzo, ISTAT and Christiana Photiadou, EEA)
09:35 - 11:00	<ul style="list-style-type: none"> • UAE–Belém work programme on indicators for measuring progress achieved towards the targets under the UAE Framework for global climate resilience (Lornaliza Kogler, UNFCCC) • ‘Climate Impact and Adaptation’ project (Lennert Stap, Statistics Netherlands) • Research on the development of statistical data and information platforms for responding to the climate crisis In South Korea (Cheonhwan Lee, National Institute of Green Technology, Republic of Korea) - WP.4 • Building a comprehensive climate crisis adaptation information platform: the Republic of Korea's legislative efforts and research initiatives (Jongseo Yim, National Institute of Green Technology, Republic of Korea) • Discussion
11:00 - 11:20	Break
11:20 - 12:30	<ul style="list-style-type: none"> • Use of statistical databases on housing and individuals to quantify population exposure to natural hazards in France – a tool to better understand areas of vulnerability and how to guide risk policy (Benjamin Trochon, Commissariat Général au Développement Durable, France) • Meteoclimatic indicators of Italian cities provided by ISTAT – the role of NSOs informing on climate change adaptation and disaster risk reduction (Donatella Vignani, Istat) • Progress on indicators of climate change impacts on health (SOSCHI project) and opening of consultation process (Myer Glickman, Office for National Statistics of the United Kingdom) - WP.2 • Discussion
12:30 - 14:30	Lunch break
Session 4: Informing climate change mitigation	
Session Co-Chairs: Otto Swertz, Statistics Netherlands and Roberta Quadrelli, IEA	
14:30 - 14:35	Session introduction (Otto Swertz, Statistics Netherlands and Roberta Quadrelli, IEA)
14:35 - 16:15	<ul style="list-style-type: none"> • Dutch National Plan Energy system and ideas on its monitoring (Veerle Heijnen, Ministry of Economic Affairs and Climate Policy of the Netherlands) • Information platform for climate change-related technologies (Sanghyun Park, National Institute of Green Technology, Republic of Korea) - WP. 5 (paper only, no presentation) • Discussion • Greenhouse gas emissions (GHG) mapping methodology for climate change mitigation and mitigation-relevant policy (Rodrigo Pizarro, OECD) • Integrating GHG emissions inventories and accounts (Santaro Sakata, OECD) – WP.3 • Discussion
16:15 - 16:35	Break
Session 5: Conclusions	
Chair: Michele McMillan, Statistics Canada, Chair of the Steering Group	
16:35 - 17:15	Conclusions of all sessions, recommendations for further work and discussion (Session Chairs)
17:15 - 17:30	Adoption of decisions
17:30	Closing
