

Fourth Meeting

Tuesday, 8th October 2024

14:30 – 15:30 CEST

Online, teams [link](#)

This upcoming Fourth Meeting of the Coalition will be a checkpoint to assess progress and strategize for future engagement. A key discussion point will be how to effectively showcase the Coalition's achievements and initiatives at the upcoming UNFCCC, UN CBD, and UNCCD COPs.

The **Trees in Dry Cities Coalition** was established at COP28 in Dubai during the "**Trees in dry cities: luxury or a fundamental climate and SDG solution?**", event organized by UNECE and WGEO. It includes representatives from governments, cities, international organizations, development banks and the private sector. The Coalition emphasizes the significance of urban trees and nature in dry climates.

The Coalition has developed collaboratively an action agenda and an implementation plan, focusing on key priorities and actionable steps.

AGENDA (ENG)

Welcome

14:30 – 14:35

- Overview of the meeting's objectives
-

Coordinating our presence at COPs: Coalition events and beyond

- Action Agenda implementation: Update by members and upcoming events and opportunities (UNFCCC, UN CBD, and UNCCD COPs), specifically:
 - Key messages and narratives of the Coalition to be communicated.
 - Opportunities for participation in side events, panels, and official sessions.
 - Collaboration with other international organizations and coalitions.
 - Outline the next steps, assign responsibilities, and set deadlines.
-

Interactive Dialogue and Feedback Session

15:15 – 15:25

- Q&A
Members will have the opportunity to ask questions about the actions in progress, evaluate current strategies and propose enhancements for future action
-

Next Steps & Closing

15:25 – 15:30

UNECE will summarize key outcomes and next steps
