Meeting of the Parties to the Protocol:

Substantive preparations: reporting requirements

Draft decision on the reporting requirements for the Protocol on Pollutant Release and Transfer Registers

Prepared by the Bureau

Summary

The present document contains a draft decision on reporting requirements prepared on the basis of decision IV/1 on reporting requirements (ECE/MP.PRTR/2021/6/Add.1) adopted by the Meeting of the Parties to the Protocol on Pollutant Release and Transfer Registers to the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters (Aarhus Convention) at its fourth session (Geneva, 21–22 October 2021).

The Bureau is expected to prepare the draft decision bearing in mind the Protocol's directive to the Meeting of the Parties to "keep under continuous review the implementation and development of the Protocol on the basis of regular reporting by the Parties" (art. 17 (2)) and in view of its mandate "to keep under review the activities of the work programme for the period 2022–2025, and to report thereon and make appropriate recommendations to the Meeting of the Parties at its fifth ordinary session" (ECE/MP.PRTR/2021/6/Add.1, decision IV/3, para. 5).

Pursuant to the above, the Bureau prepared the present draft document for submission to the eleventh meeting of the Working Group (Geneva, 22 November 2024) for consideration and approval and subsequent submission to the Meeting of the Parties for consideration.

The Working Group will be invited to consider the present draft decision at its eleventh meeting and to mandate the Bureau to submit it to the Meeting of the Parties for a possible adoption at its fifth session (scheduled for autumn 2025).

The Meeting of the Parties,

Recalling article 17 (2) of the Protocol on Pollutant Release and Transfer Registers, which states, inter alia, that the Meeting of the Parties to the Protocol shall keep under continuous review the implementation and development of the Protocol on the basis of regular reporting by the Parties and, with this purpose in mind, will establish guidelines facilitating reporting by the Parties, taking into account the experience gained under the Convention,

Recalling also decision I/5 of the first session of the Meeting of the Parties to the Protocol, through which the Parties established a reporting mechanism to monitor the progress in implementation of the provisions of the Protocol,

Recognizing that regular reporting by Parties provides important contextual information which facilitates the assessment of compliance under the Protocol and thereby contributes to the work of the Compliance Committee,

Believing that public involvement in the process of reporting is likely to improve the quality and accuracy of reports and to strengthen the credibility of the reporting process,

Taking into account the objective of a simple, concise and not excessively burdensome reporting mechanism,

Noting that this decision concerns reporting by Parties on how they have implemented the requirements of the Protocol and is distinct from the reporting required under article 7 of the Protocol,

Considering that the reporting procedure as set out in decision I/5 should continue to apply for the next reporting cycle,

Emphasizing the importance of timely submission of reports,

1. *Notes with appreciation* the implementation reports submitted by more than xx per cent of the Parties to the Protocol on Pollutant Release and Transfer Registers to the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters pursuant to decision I/5;

2. *Welcomes* the synthesis report prepared by the Bureau and the Compliance Committee;¹

3. *Considers* that these reports provide a valuable overview of the status of implementation of the Protocol, as well as significant trends and challenges, which will help to guide future activities;

Timely submission of reports

4. *Notes* that some Parties that submitted reports did not do so within the deadline indicated in paragraph 10 of decision III/1;

5. *Reiterates its encouragement* of Parties to start the preparation of national implementation reports in future reporting cycles sufficiently in advance of, and at the latest seven months before, the deadline for submission of the reports to the secretariat set out in paragraph 10 below, with a view of ensuring meaningful public consultation on the reports at the national level;

Failure to submit reports

[6. *Notes with regret* that XX² all of which were Parties to the Protocol at the time of the deadline for submission of the implementation reports, failed to submit reports;

7. *Calls upon* those Parties that have not yet submitted their national implementation reports to submit them to the secretariat as soon as possible but at the latest
